CHULA VISTA BAYFRONT: A PREMIER DESTINATION FOR BUSINESS, LEISURE, AND LIFESTYLE

The Chula Vista Bayfront represents one of the most ambitious waterfront redevelopments on the West Coast—a 535-acre transformation led by a strategic partnership between the Port of San Diego and the City of Chula Vista. Positioned to become a dynamic hub for tourism, commerce, and community life, the project is designed to seamlessly blend world-class hospitality, vibrant public spaces, and environmental stewardship.

At the heart of the Bayfront lies the Gaylord Pacific Resort and Convention Center, a signature development by RIDA Chula Vista, LLC, in collaboration with Gaylord Hotels—Marriott International's premier convention hotel brand. This iconic resort will feature up to 1,600 hotel rooms, a state-of-the-art convention center with four ballrooms, three levels of meeting space, and two outdoor event lawns, resort-style amenities, including a spa, pool with lazy river, retail, dining, and more and expansive public promenades and waterfront access. This landmark destination will be Gaylord Hotels' first West Coast location, catalyzing economic growth and inspiring future development throughout the Bayfront.

The Chula Vista Bayfront Master Plan includes 70 acres of new parks (100 total with existing) and 120 acres of open space, habitat restoration, and wetland buffers, a network of promenades, trails, and bike paths, over 2,850 hotel rooms, 600,000 SF of restaurant, retail, and marina-support uses, 220,000 SF of mixed-use commercial/recreational space, parking for 1,100–3,000 vehicles.

This once-in-a-generation project will establish Chula Vista as a premier South Bay destination—where coastal lifestyle meets business opportunity. Leasing opportunities in and around this master-planned waterfront are now in high demand.
