Article 3: Supplemental Development Regulations

Division 7: Affordable Housing Regulations

§143.0710 Purpose of Affordable Housing Regulations

The purpose of these regulations is to provide incentives for *development* that provides housing for *very low income, low income, moderate income*, or senior households, or transitional foster youth, disabled veterans, or homeless persons. Additionally, the purpose is to specify how compliance with California Government Code Section 65915 (State Density Bonus Law) will be implemented, as required by California Government Code Section 65915(a)(1). These regulations are intended to materially assist in providing adequate and affordable housing for all economic segments of the community and to provide a balance of housing opportunities throughout the City.

§143.0715 When Affordable Housing Density Bonus Regulations Apply

This Division applies to any *development* where current zoning allows for five or more *dwelling units*, not including *density* bonus units, in exchange for either of the following:

- (a) A portion of the total *dwelling units* in the *development* being reserved for *very low*, *low*, or *moderate income* or senior households; or for transitional foster youth, disabled veterans, or homeless persons in accordance with this Division; or
- (b) [No change in text.]

§143.0717 Required Replacement of Affordable Units

- (a) An *applicant* is ineligible for a *density* bonus or any incentive under this Division if the property on which the *development* is proposed contains, or during the five years preceding the application, contained, rental *dwelling units* that have had the rent restricted by law or covenant to persons and families of *low income* or *very low income*, or have been occupied by persons and families of *low income* or *very low income*, unless the proposed *development* replaces the affordable *dwelling units*, and either:
 - (1) Provides affordable *dwelling units* at the percentages set forth in Section 143.0720(i) (inclusive of the replacement *dwelling units*),
or
 - (2) [No change in text.]
- (b) The number and type of required replacement *dwelling units* shall be determined as follows:

- (1) For a *development* containing any occupied *dwelling units*, the *development* must contain at least the same number of replacement *dwelling units*, of equivalent size and *bedrooms*, and must be made affordable to and occupied by persons and families in the same or a lower income category as the occupied *dwelling units*. For unoccupied *dwelling units* in the *development*, the replacement *dwelling units* shall be made affordable to and occupied by persons and families in the same or lower income category as the last household in occupancy. If the income category of the last household is unknown, it is rebuttably presumed that the *dwelling units* were occupied by lower income renter households in the same proportion of lower income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage.
- (2) If all of the *dwelling units* are vacant or have been demolished within the five years preceding the application, the *development* must contain at least the same number of replacement *dwelling units*, of equivalent size and *bedrooms*, as existed at the highpoint of those units in the five year period preceding the application, and must be made affordable to and occupied by persons and families

in the same or a lower income category as those in occupancy at that same time. If the income categories are unknown for the highpoint, it is rebuttably presumed that the *dwelling units* were occupied by *very low income* and *low income* renter households in the same proportion of *very low income* and *low income* renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage.

- (3) The *very low* and *low income dwelling units* shall be designated units, be comparable in bedroom mix and amenities to the market-rate *dwelling units* in the *development* and be dispersed throughout the *development*.
 - (4) The *very low* and *low income dwelling units* shall remain available and affordable for a period of at least 55 years, as may be required by other laws or covenants.

Housing Commission so that the repayment of any initial subsidy is ensured.

- (6) Each for-sale *dwelling unit* shall be occupied by the initial owner at all times until the resale of the *dwelling unit*.
 - (7) Upon the first resale of a *dwelling unit*, the seller shall comply with all conditions regarding the sale of a *dwelling unit*, as applied by the San Diego Housing Commission, and as set forth in California Government Code Section 65915(c)(2).

- (1) At least 10 percent of the pre-*density* bonus *dwelling units* in the *development* shall be affordable, including an allowance for

utilities, to transitional foster youth, disabled veterans, or homeless persons at a rent that does not exceed 30 percent of 50 percent of the area median income, as adjusted for household size.

- (2) Rental *dwelling units* shall remain available for a period of 55 years or longer, as may be required by other laws or covenants.
- (g) The *density bonus dwelling units* shall have recorded against them a Declaration of Covenants, Conditions and Restrictions in favor of the San Diego Housing Commission that shall enjoy first lien position and shall be secured by a deed of trust that may be recorded against the project or unit, as applicable, prior to construction or permanent financing.

- (3) For *development* meeting the criteria for *low income* households in Section 143.0720(c)(2), the *density* bonus shall be calculated as set forth in Table 143-07B. The increased *density* shall be in addition to any other increase in *density* allowed in this Division, up to a maximum combined *density* increase of 50 percent. - (7) For *development* that provides five or more *dwelling units*; meets the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(2), or 143.0720(f); provides an average of no more than 600 square feet per *dwelling unit* with no *dwelling unit* exceeding 800 square feet; with a portion of the *lot* located within
