GUIDING PRINCIPLES

200 N Public Rd. is located in the Old Town Mixed Use Typology in the 2021 Comprehensive Plan (pages 158-162). The Old Town Mixed Use Urban Design Guidance should be used as a guide for how the site may be developed. In addition to the Urban Design Guidance, the following Guiding Principles should be considered when developing a project proposal:

- The purpose of this project should help to preserve the character of the Old Town district and ensure that any construction or reuse of buildings integrates well into the existing fabric of this important area.
- The proposed project should promote year-round activity and contribute to Old Town's role as a destination through active ground-floor use, safe pedestrian connections, and multimodal amenities.
- The proposed project should integrate welcoming public realm elements, such as gathering spaces, outdoor seating, public art, or streetscape enhancements, as appropriate to the site.
- The proposed project should integrate sustainability best practices for green and healthy buildings as appropriate.
- The proposed project should demonstrate financial feasibility, a realistic implementation timeline, and support stable, locally rooted ownership and responsible long-term stewardship of the property.
- The proposed project should integrate opportunities for small businesses. As per the City's Comprehensive Plan and the Lafayette Downtown Development Authority Old Town Tomorrow Action Plan, the city will support efforts to provide affordable spaces for locally owned businesses in the community.
