FOR LEASE

Property Description

1036 SIR FRANCIS DRAKE BLVD

1036 Sir Francis Drake Blvd, Kentfield, CA 94904

The property is ideally positioned along Sir Francis Drake Boulevard at the corner of College Avenue, a highly visible and easily accessible location serving Central Marin and the greater Ross Valley. This corridor functions as a primary commuter route connecting Kentfield, Kent Woodlands, Ross, and surrounding high-income residential communities—providing convenient access for patients, staff, and visiting professionals. The corner setting offers strong visibility and wayfinding, while Highway 101 is less than two miles away, supporting efficient regional access.

Located in Kentfield, an established medical and professional services hub, the surrounding area is predominantly residential and known for its quiet, low-density character. The neighborhood has long supported medical, dental, therapy, and wellness practices, creating a trusted destination for care. Nearby anchors include the College of Marin campus, Woodlands Market, and a concentration of complementary professional offices, reinforcing consistent daytime activity and patient traffic.

BUILDING OVERVIEW

Purpose-Built for Medical & Wellness Uses

Originally developed as a medical office building, the property has a long history of serving healthcare professionals. The two-story structure contains 24 individual suites, allowing for a mix of solo practitioners, group practices, and complementary wellness services.

First Floor – Patient-Focused Suites

The first floor features 11 suites accessed from a central interior corridor off the main entrance. Many suites include private rear patios, providing separation from public areas and housing dedicated HVAC systems for individual climate control. Several suites have enhanced sound attenuation, making them well suited for therapy, counseling, psychiatry, and confidential consultations.

Second Floor – Professional & Specialty Practices

The second floor includes 13 suites accessed via a dedicated exterior stair tower. The floor is divided into two wings, each with its own reception area, supporting efficient patient flow and privacy. The rear reception area features a distinctive two-story volume with an octagonal dome skylight, exposed beams, and abundant natural light—creating a calm, welcoming atmosphere. A wraparound exterior deck provides additional outdoor space for staff or patient breaks.

Interior finishes throughout the building emphasize warmth and comfort, with natural redwood paneling, wood trim, and thoughtfully placed daylight—elements that contribute to a relaxed and reassuring care environment.

IDEAL USES

- MEDICAL AND DENTAL PRACTICES

- BEHAVIORAL HEALTH, THERAPY, AND COUNSELING

- WELLNESS, INTEGRATIVE MEDICINE, AND SPECIALTY CARE
