KidneySPA's mission is to provide patients with a revolutionary dialysis experience by combining state-of-the-art medical treatment in a harmonious, spa-like setting. It's home base, located in Miami, Florida's Health District, is one-of-a-kind dialysis center serves patients suffering from advance chronic kidney disease, also known as end stage renal disease, in an innovative way. The KidneySPA is setting a new standard for dialysis treatment combined with exceptional patient care. At KidneySPA, patients are treated as family and the dialysis procedure - known as hemodialysis - is only one part of the total mind, body and soul treatment they receive. The KidneySPA concept is in hopes of forever changing the negative perception of traditional dialysis treatment to a pleasant, gratifying and unique experience.

Every aspect of the KidneySPA facility is to create a warm, welcoming and soothing environment. Oversized treatment chairs were specially designed with form fitting memory foam to provide exceptional comfort. Flat-screen televisions are mounted in front of each treatment chair allowing patients to watch movies, concerts or educational lectures to pass the time. Controlled lighting at each treatment station provides those who want to read with extra light,

and those who want to sleep with none at all. The interior design was inspired by a perfect balance of natural elements, rich with earth tones, so it bears no resemblance to a hospital or medical office setting.

Part of what makes the KidneySPA experience so unique is the "Care Coach Concept" - which aims to stimulate the five senses and promote patient productivity during the three-hour dialysis sessions. Patients are assigned a Care Coach, who seeks to provide interesting and unique ways for patients to get the most out of their treatment hours (for example, learning a new language through an educational DVD). To stimulate the senses of touch and taste, patients begin each treatment session with a relaxing hand-massage, and during their dialysis, they are offered healthy snacks and drinks prepared by the staff. To stimulate the senses of hearing and smell, soothing music plays in the background and candles with relaxing scents add to this inviting, spa-like atmosphere.

KidneySpa LLC of Miami, FL, has been honored with a recognition by South Florida Business Journal in its selection of "Excellence In Health Care Awards" and was named one of the best Wellness Startups in Miami.
