THE OFFERING

1450, 1452, 1454 and 1456 Pomona Road in West Corona present a rare opportunity to acquire a high profile industrial campus with 600 feet of direct freeway exposure. The 91 Freeway ensures daily visibility to 175,000 to 275,000 vehicles. Two large dual sided electronic billboards, one fully dedicated to tenant or ownership advertising, further enhance the property's visibility, and create a powerful branding presence.

Owner Occupy with Cash Flow: Excluding 1454 Pomona (15,462 SF), the three additional buildings and billboard revenues are projected to generate about \$23,000 per month. An owner user occupying 1454 Pomona, which represents roughly 70 % of the total square footage, would meet the SBA requirement of occupying at least 51% of the property and could qualify for favorable financing. Under current market SBA terms, nearly half of your monthly mortgage payment could be offset by rental and billboard income, making this an ideal opportunity to build equity while leveraging tenant income.
