# AREA IMPROVEMENTS & UPCOMING DEVELOPMENT PLANS

## LEUCADIA STREETScape PROJECT

The Leucadia Streetscape plan focuses on preserving and revitalizing the N Coast Highway 101 Corridor. It strives to restore the landscape of the corridor while evolving how this public space serves the community. The project vision is to create an environment that enhances the lives of residents and visitors in a wide variety of ways. This includes encouraging community engagement, offering space for community gathering, sidewalk dining, the display of retail goods, outdoor public seating and the showcasing of public art.

The City has completed construction of the first segment of improvements called “Segment A North” (Phase 1) between Marcheta Street and Basil Street. The City has also completed the Safety and Mobility Enhancements interim project that brought “Segments B & C” between Basil Street and La Costa Avenue into alignment with the vision of Streetscape in a quick and cost-effective way.

The Leucadia Streetscape Phase 1 project was completed in summer 2022. New improvements include wider sidewalks, dedicated bike lanes, landscaping, irrigation, streetlights, storm drain system, parking pods, pedestrian trails, crosswalks, asphalt paving, traffic striping, street furniture including benches, chairs, tables, bike racks, and trash and recycling bins, and a roundabout and pedestrian undercrossing at El Portal Street which is now open to the public.

The vision of the Leucadia Streetscape project is to celebrate the City’s arts and culture, history, charm and character through re-establishing the historic tree canopy, providing gathering spaces for our residents, improving accessibility and connectivity in Leucadia, include drought tolerant landscaping and creating better access for our businesses.

# AREA IMPROVEMENTS & UPCOMING DEVELOPMENT PLANS

## BURTECH WINERY, CONDOS; 102 & 118 2ND STREET

The Encinitas Planning Commission has unanimously approved Dominic Burtech's mixed-use development project for Old Encinitas, which will feature 16 residential condos and 2 commercial units, including Burtech Family Vineyard's winery.

The project, set to replace existing structures, will offer a mix of market-rate and affordable units under state density bonus laws. It includes plans for infrastructure upgrades and is expected to transform the site with enhanced community amenities. Construction is anticipated to start within 1-2 years following the city's development review process.

## THE CAPTAIN; 158-186 NORTH COAST HIGHWAY 101

The Captain @ Moonlight Beach will be constructed by local developer RAF Pacifica Group. The project will consist of 34,000 SF office, 12,800 SF retail, 2,819 SF restaurant space and 45 residential units.

## MAREA VILLAGE; 1900 & 1950 NORTH COAST HIGHWAY 101

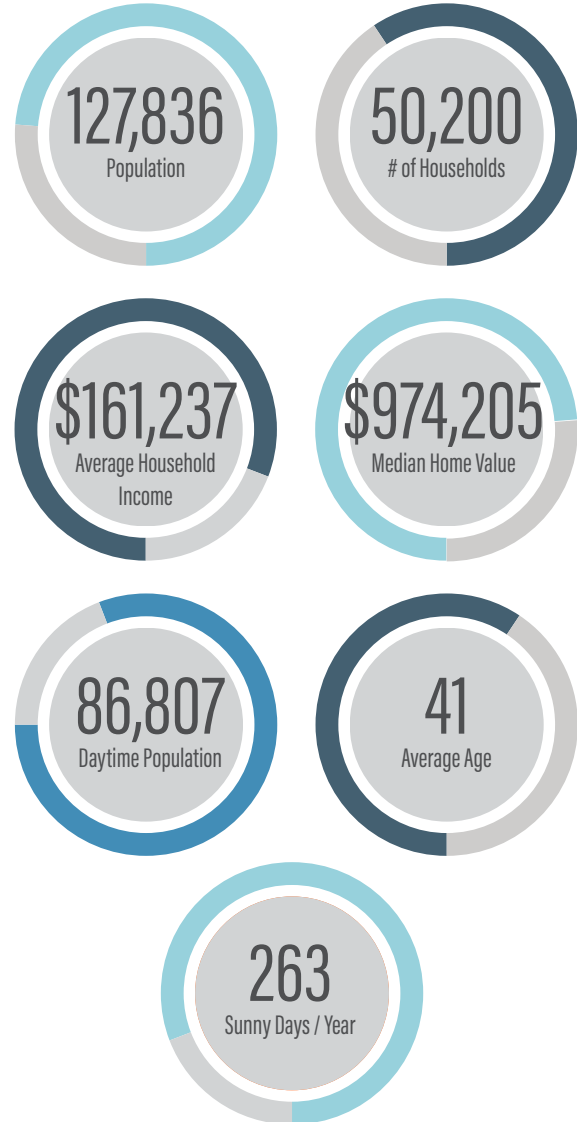

Fenway Capital Advisors recently received approval for Marea Village, a mixed-use community along Coast Highway 101 in Leucadia, California. Marea Village strives to create a thriving community environment that consists of 96 rental apartment units, which include 20 affordable units, and a 30-key expansion of the Alila Marea Resort, as well as 18,262 SF of commercial retail space, and public amenities.

The project will consist of single-, two- and three-story buildings in an eclectic mix that is designed to maintain the funky character and feel of the Leucadia community and lifestyle. The site is surrounded by the Seabluffe Townhome Community to the South and West, as well as the new Alila Marea Beach Resort to the North, and Coast Highway 101 on the East. Across roughly four acres, this project will feature walking paseos, a pedestrian plaza with outdoor seating and a 257 subterranean parking garage.

# AREA HIGHLIGHTS

5 Mile Radius

## ENCINITAS, CA

Spanning approximately 20 miles along the coast in San Diego's North County, the city of Encinitas is an upscale community and is considered "One of the 20 Best Surf Towns in the World." Located along six miles of Pacific Ocean coastline, Encinitas is bordered by Carlsbad to the north, the Elfin Forest Recreational Reserve and Escondido to the east, and Solana Beach to the south. The city has an estimated resident population of 60,000 who are attracted to the casual oceanfront community for its magnificent beaches, executive residential communities, regional access and numerous amenities and recreational options.

# ENCINITAS & SAN DIEGUITO SCHOOL DISTRICT

Encinitas Union School District serves the city of Encinitas and the Rancho La Costa area of south Carlsbad in North San Diego County. Approximately 5,400 students in Kindergarten through 6th grade are enrolled in the District's nine schools. All of our district's schools have been recognized as California Distinguished Schools and La Costa Heights, Mission Estancia, Olivenhain Pioneer and Park Dale Lane have been recognized as National Blue Ribbon Schools. The District serves a diverse and varied community. The student population is approximately 22% Hispanic, 4% Asian, 68% Caucasian, and 6% other minorities.

Both school districts serving the city of Encinitas and the Rancho La Costa area of south Carlsbad (Encinitas Union School District, San Dieguito Union High School District) consistently rate high in the state and county for their student achievement and supplemental programs. Scores on the state's standardized tests place these districts far above the county and state average in all subjects. Encinitas' school history of recognition for outstanding schools is a tribute to the efforts of the Encinitas staff, students, community participants, and parents who are actively involved with the schools.

The Encinitas Union School District is committed to increasing the opportunities for our K-6 teachers and students to work collaboratively with parents and community members in the areas of science, technology, engineering, mathematics, and the arts.

San Dieguito Union SDUHSD serves students from five elementary school districts in North County: Encinitas, Rancho Santa Fe, Cardiff, Solana Beach, and Del Mar. Students from those districts matriculate through our middle schools and high schools, with the exception of those from the Rancho Santa Fe School District, who begin here as freshmen.

Booming population growth and demographic diversity have characterized the North County and SDUHSD in the past 15 years. Families from all parts of the world are attracted to our inviting climate and exceptional learning institutions, enriching our schools with a wide variety of languages and cultural backgrounds. From surfers to scientists, from beach cottages to high tech towers, this district represents a broad range on the socio-economic spectrum.

Many parents are employed at such neighboring institutions as the University of California, San Diego, the Scripps Institute of Oceanography, the Scripps Clinic and Research Foundation, nearby biotechnology firms in Sorrento Valley, and high tech giants like Qualcomm, all of which influence the high standards of education and expectation at San Dieguito.
