OVERVIEW

Incredible opportunity to acquire a turn-key business with real estate, well below replacement value, in what many refer to as the most beautiful commercial property in Ridgeland. This 1,500 sf building, situated on approximately .35 acres, was completely reconstructed in 2019 with no expense spared for a franchise coffee shop with a drive-thru. The property is turn-key for a similar use and could easily convert to a restaurant or a myriad of other commercial uses that would benefit from the highly visible location on a main artery immediately off the interstate and surrounding communities. Over \$100,000 in FF&E, including a Generac generator, brand-new, warranted Thermoplan Swiss automatic espresso machines, a Merry Chef oven, and multiple refrigerators and freezers, is included in the sale. Dedicated parking and monument signage are in place.
