

Property Features

Constructed in 1976, this four-story multi-tenant building occupies one of the most prominent corners (Church and Market streets) in the borough of West Chester. It is in the heart of the retail district, within walking distance to over 150 restaurants and shops. Gated, on-site parking is also available at this property.

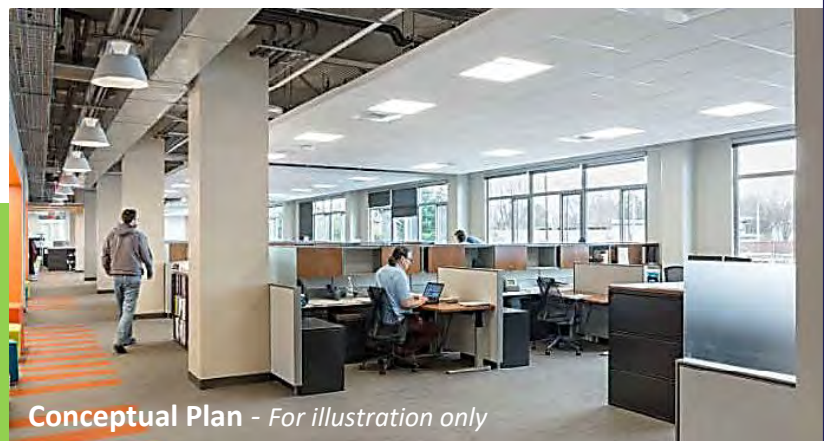

The first floor can be leased as either retail or office space, and the second floor as office space.
