MOBILE MARKET OVERVIEW

The Mobile CBSA, composed of Mobile County, is the largest metropolitan statistical area along the Gulf of Mexico between New Orleans and Tampa. Mobile is the third most populous city in Alabama, and is the county seat of Mobile County. Recognized as the hub in the region, Mobile is centrally located between Houston, Memphis, Atlanta, Dallas and Tampa, which provides excellent access to these and other major markets.

Mobile serves as a regional center for medicine for the Central Gulf Coast with four major medical centers within the city limits. The largest, Mobile Infirmary Medical Center, is a top employer in the CBSA. Additionally, Brookley Aeroplex (an industrial complex and airport) is currently the largest industrial and transportation complex in the region, housing more than 70 companies. Notable employers include Airbus North America Engineering and Continental Motors. The city of Mobile is the only seaport in Alabama and the Port of Mobile is a major economic driver. In terms of cargo tonnage, Port of Mobile is the 9th largest in the U.S.

The Mobile CBSA is recovering from the most recent economic disruption and looks to be in a better position than other metro areas, as Alabama is outpacing most other states in terms of speed of its recovery. According to Moody's Analytics and CNN Business, Alabama has the fifth best "back to normal" ranking in the U.S., based on job and production numbers.
