# Largest Speculative Build in Market History

At 1.32 million square feet, Palmetto Logistics is the largest available industrial distribution building in Charleston, SC. It is located on Palmetto Commerce Parkway, a prime industrial corridor with convenient proximity to I-26, the Port of Charleston and Charleston International Airport. This highly accessible location ensures smooth supply chain and logistics operations for future tenants.

Most of the Palmetto Commerce Parkway corridor is already developed with 100% of industrial inventory leased, making Palmetto Logistics one of the last infill opportunities in the area. Operating out of Palmetto Logistics will allow end-users to keep drayage costs low and keep freight moving in correlation with the Port of Charleston.

Hugh K Leatherman Terminal

# Enhance your productivity at Palmetto Logistics

## South Carolina Ports System

### 3 Primary Ocean Terminals at Port of Charleston

Close proximity to the Port of Charleston and connections to Inland Ports in Greer and Dillon

## Interstate Accessibility

### I-26 Connects to Major Population Centers Throughout the Southeast

Site offers tenants direct access to the interstate via the new Weber Blvd interchange currently under development

## Cost Effectiveness

### Potential Drayage Savings up to 50%

Site offers tenants significant savings on drayage costs:

**15-20%** less than Summerville

**20-30%** less than Ridgeville

**40-50%** less than Orangeburg

*Projects like Palmetto Logistics not only keep South Carolina in the world logistics conversation but provide growth opportunities for companies by enabling them to **keep pace with the e-commerce boom**. This project will **extend the reach of Charleston's global companies via the Port of Charleston**. This dynamic, combined with **workforce development** through partners like Trident Tech and SC Logistics make Charleston an incredible spot for growth and talent.*

# Access to the world

South Carolina Ports Authority (SCPA) drives economic growth in South Carolina, serving as a key competitive advantage for the state. Port operations support the state's thriving business community and spur economic development by connecting South Carolina to global markets.

In 2022, SCPA invested significantly in capacity to efficiently handle growing cargo volumes and rising retail imports, ensuring global competitiveness for years to come.

SCPA is considered one of the top 10 ports in the US, and is the fastest growing container port on the East Coast. On average, five vessels sail into the harbor daily carrying \$200 million worth of goods, serving more than 100 ports around the world.

### 2022 Ports Snapshot

#### 2.8 million TEUs Volume

*The Port of Charleston handled record-breaking volumes in 2022*

#### \$2.6 billion Investment

*SC Ports has invested in recent years to enhance port infrastructure*

#### \$63.4 billion Economic Impact

*The SC Ports has a huge economic impact throughout the state*

#### 77% Growth

*SC Ports is forecasting import container volumes to grow 77% over the next 10 years.*

#### 52 Feet Depth

*The Charleston Harbor is now the deepest harbor on the East Coast after 2022 expansion*

#### 180 Countries International Reach

*More than 20 ocean carriers have vessels that carry cargo between Charleston and 180 countries*

#### #6 U. S. Seaport District

*Charleston is in the top 10 U.S. seaport districts by dollar value of goods*

#### 110 million Consumer Reach

*Direct rail connection from the Port of Charleston to Inland Port Greer reaches ±110 million consumers within a one-day truck drive.*

*The **Charleston region is a talent magnet**, drawing 33 new residents per day. The Palmetto Logistics facility is **a key asset strategically located to capitalize on this rich labor pool** and service key partners like the SC Ports Authority.*

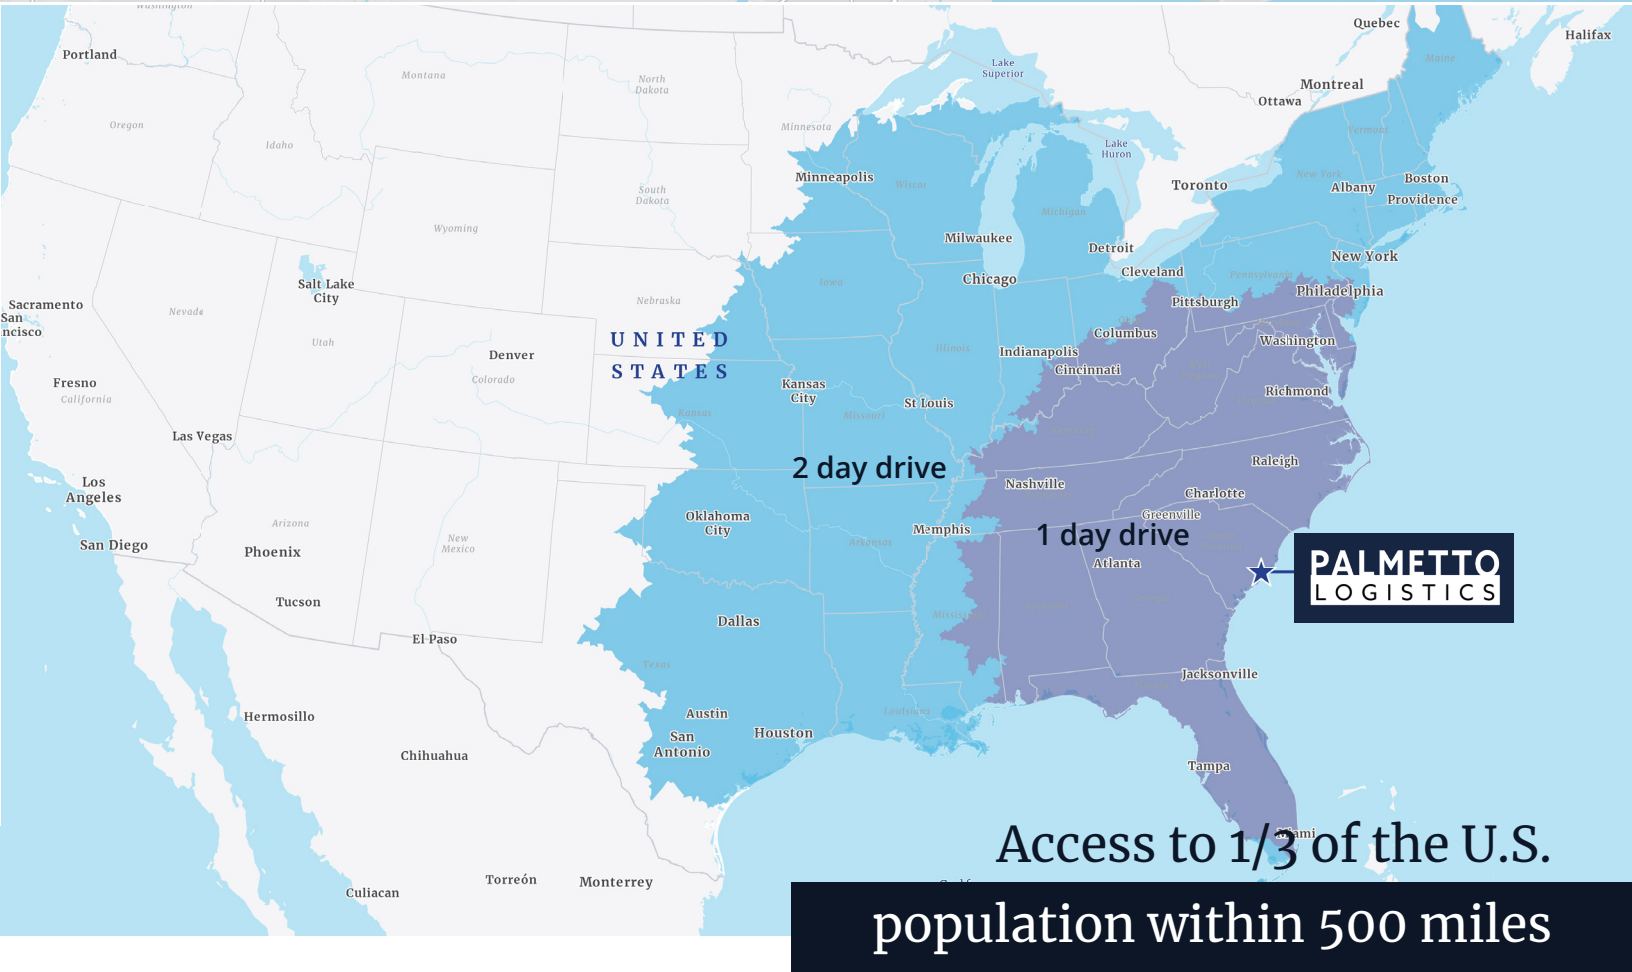

**- Mike Graney**

Vice President of Global Business Development,  
Charleston Regional Development Alliance
