- 2.2 The Property is subject to the covenants, conditions, restrictions and easements hereby declared to insure proper use and appropriate development and improvement of each Building Site to:

Article 3

Regulation of Improvements

- 3.1 **Approval of Plans and Specifications.** No improvements shall be constructed, erected, placed, altered, maintained or permitted on any Building Site until plans and specifications therefore have been approved in writing by the Developer, as provided in Part 5, hereof, or which when constructed do not conform to the requirements set forth herein, except as otherwise provided herein.
- 3.2 **Pre-Construction Meeting.** Prior to the commencement of construction on any Building Site including site grading, a pre-construction meeting shall be conducted. The meeting shall include the Developer and its representatives, the Owner or the Owner's representative and the contractor including the site grading contractor.
- 3.3 **Construction Vehicular Traffic.** For the purpose of coordinating construction traffic on the Property during construction, the Developer shall have the right to control construction traffic on the Property during construction as well as access to a Building Site; provided, however, Developer shall at no times deny an Owner access to the materials, equipment, personnel and other personal property.
- 3.4 **Completion of Construction.** After commencement of construction of any Improvement on any Building Site, the Owner shall diligently prosecute the work to the end that the Improvement shall not remain in a partly finished condition any longer than reasonably necessary for completion. All improvement shall be completed within one (1) year after approval of plans by the Developer. During construction, the Owner shall cause the Building Site to remain in reasonably neat and orderly condition, shall prevent the accumulation of trash, and shall prevent runoff surface water and soil from the Building Site onto adjacent property or streets. If, at the end of the above stated one year period, construction of any Improvement is not being diligently pursued by the Owner, then the Developer shall have the option to proceed with such construction and any cost

incurred by the Developer relative to such construction shall be paid by the Owner and shall constitute a lien on the Building Site and Improvement until paid and may be collected by the Developer together with all costs of collection from the nonpaying Owner by appropriate legal action. Any such lien shall be subordinate to any first mortgage lien on the affected Building Site.

- 3.5 **Excavation.** No excavation shall be made on any Building Site except in connection with construction of improvements thereon and except in connection with storm water management systems. Upon completion of construction of improvements on the Building Site exposed openings shall be backfilled and disturbed ground shall be smoothly graded and landscaped.
- 3.6 **Storm Drainage.** All storm drainage on a Building Site shall meet and comply with all applicable county, state, and federal laws and regulations governing storm water drainage. Each Owner shall at all times manage and maintain all drainage facilities within its Building Site in a safe, clean, orderly, neat and operable condition. All Building Sites are subject to all applicable county, state and federal laws and regulations regarding storm water drainage which may be more stringent than this Declaration.
- 3.7 **Landscaping.** All Building Sites shall be landscaped to promote compatible and substantially continuous landscape treatment throughout the Property, to provide for a neat and well maintained appearance in areas not covered by buildings or parking, to minimize adverse visual and environmental impact on large surface areas, to promote the quality image of the Property, and to safeguard and enhance property values.

Plans and specifications for landscaping shall be submitted to the Developer for review prior to installation. Such plans should indicate the type of sodding, the type of seeding, type of trees to include, the location, size, type and height of each planting. Such plans should reflect and take into account any landscaping which exists on the Property, including, but not limited to, existing trees, if any, on the Building Site. Such plans shall, at a minimum, comply with all planning and zoning ordinances and requirements of building authorities of Lexington County.

The area of any Building Site and the area between the Building Site property line and street curb line or ditch shall be landscaped by the Owner of such Building Site, except for areas covered by buildings, paved areas and sidewalks. Beautification easements, if located within the Building Site, shall be maintained by the Owner to provide a visual barrier to screen the Property from streets, roads, and adjacent property.

Paved parking between a building and street frontage property line shall be at least twenty-five (25) feet (which shall include any designated easements) from the street frontage property line. The area between the paved parking and the curb line of the street shall be suitably landscaped with either berms or other landscape treatment which may include ground cover. When paving adjacent to any side property line, a minimum of five (5) feet of landscaping shall be provided along the side property line.

All landscaping shall be installed within sixty (60) days after substantial completion of construction, weather permitting. Landscape areas shall be perpetually maintained in a slightly and well-kept condition including such replanting and replacement, as is from time to time necessary. If any Owner fails to undertake and complete his landscaping within the time limit previously set forth herein, The Developer may, at its option, after giving the Owner ten (10) days written notice forwarded to Owner (unless within said ten (10) day period the Owner of the Building Site shall proceed and thereafter pursue with diligence the completion of such landscaping), undertake and complete the landscaping of the Building Site in accordance with the landscaping plan. If the Developer undertakes and completes such landscaping because of the failure of the Owner to complete the same, the costs of such landscaping shall be assessed against the Owner, and if said assessment is not paid within thirty (30) days after written notice of such assessment from Developer, said assessment will constitute a lien on the Building Site and may be enforced as set forth in this agreement.

3.8 Signage. Any and all signs located on the Property shall conform to the following standards:

- A. All signs, including identification, directional, vehicular control, temporary and informational, including, but not limited to, those in the setback areas, on loading docks, parking facilities, on buildings, and storage areas, along with appropriate plans and specifications shall be first submitted to the Developer for written approval of conforming with these Declarations, which approval shall not be unreasonably withheld. Such plans and specifications for any sign shall include, but not be limited to, the color(s), dimensions, locations on the site, height, copy, type of illumination, and other characteristics. No sign shall be erected on the Property without prior written approval of the Developer.

any Building Site or in the side yard that fronts on any interior (within the Property) public road and the frontage of any Building Site, except with the prior written approval of the Developer. Proper integration of landscape and screening elements as approved by the Developer must be provided between any truck loading and receiving area and any street.

- 3.10 **Outside Storage.** Materials, supplies, equipment, finished or semi-finished products or articles of any nature may not be stored or permitted to remain on any Building Site outside the main building located thereon unless approved by the Developer. Any outside storage is strongly discouraged. Waste and rubbish storage facilities shall be properly screened and shall not be installed, constructed or utilized without prior written approval of the Developer.

- 3.11 **Parking.** Adequate off street parking shall be provided by each Owner for employees, tenants, occupants, customers and visitors. The location, number and size of parking spaces shall be subject to review by the Developer, and shall conform to all applicable Lexington County zoning ordinances and other governmental regulations. However, at no time shall the minimum standards for parking be any less than the total of the following: One (1) space for each two (2) employees on the largest shift; one (1) space for each member of the managerial or office staff; one (1) visitor parking space for each ten (10) persons on the managerial staff; and one (1) space for each vehicle used directly in the conduct of business.

No parking shall be permitted on any street or place other than the paved parking spaces provided for in this Declaration. No parking shall be permitted within dedicated easement areas.

- 3.12 **Utility Connections.** All utility connections, including all electrical and telephone connections and installation of wires to improvements shall be made underground from the nearest available power or utility source. No transformer, electric, gas, or other meter of any type or other apparatus shall be located on any power pole or hung on the outside of any building or other improvements, but the same shall be placed at or below ground level, and where placed at ground level, shall be adequately screened. Notwithstanding the foregoing, overhead and telephone connections shall be permitted during the construction period of the improvement.

- 3.13 **Fences.** No fence, wall, hedge, or mass planting shall be erected, installed, or permitted without written approval of the Developer which approval shall not be unreasonably withheld.

- 3.14 **Exterior Lighting.** All exterior lighting of any nature on any Building Site shall be designed, erected, altered and maintained in accordance with plans and specifications approved by the Developer which approval shall not be unreasonably withheld. Exterior lighting on all Building Sites shall be limited to signs and security and safety illumination of driveways, parking lots, walks, building entrances, loading and service areas and exterior lighting of overall building services. Lighting shall be compatible and

harmonious throughout the Property and shall be keeping with the exterior design of the Building Site in question.

3.15 Maintenance of Building and Landscaped Areas. Each owner shall keep all Improvements on a Building Site in a safe, clean, maintained, neat condition and shall comply in all respects with all governmental statutes, ordinances, regulations and health, police and fire requirements. Each Owner shall remove at its own expense, on a regular basis, any rubbish or trash of any type which may accumulate on its Building Site.

- A. Rubbish, trash, garbage, or other waste shall be kept only in appropriate containers. All equipment for the storage or disposal of such materials shall be kept in clean and neat condition. - F. All planted grasses, trees, shrubs or other plantings shall be maintained consistently in a neat, orderly and healthy manner;
- G. Each Owner shall pay his pro rata portion of the gross expenses for the maintenance (including landscaping maintenance), repairs, replacements and services required in connection with the Property Used in Common. Such expenses shall include, but not be limited to lighting, signing, landscaping, cleaning and insurance premiums. (Pro rata shall mean the percentage by comparing the Owner's Building Site to the total property excluding Property Used in Common).
- H. In the event the Owner of any Building Site shall fail to comply reasonably with all of the requirements of this section 7.1, the Developer and its successors shall have the right, but not the duty, to take corrective action at the expense of the Owner;

fans or similar equipment required to operate and maintain any building, fire or parapet walls, skylights, tanks, cooling or other towers, wireless radio or television masts and antennae, or flagpoles shall exceed heights prescribed or approved by the Developer or applicable zoning ordinances; provided, the Developer will not unreasonably withhold approval of such improvements.

- 3.17 **On-Site Drainage.** Each Building Site Owner shall be required to provide adequate drainage facilities, in accordance with the existing storm system, existing topography and by such methods as may be approved by the Developer. Once established, the drainage system may not be changed by an Owner without approval of the Developer and the system will be maintained to provide for subsurface water drainage in accordance with the drainage pattern established.

Sides (including all non-front, in the case of a corner lot) – 20 feet; and
Rear (where applicable, as in the case of a non-corner lot) – 30 feet.

- 3.20 **Right to Subdivide.** No Owner, other than the Developer, may subdivide or re-subdivide or in any way alter the size, shape, or area of any Building Site by any Owner, other than the Developer. The prohibition against subdivision of any Building Site by any Owner, other than the Developer, as contained in this paragraph, shall survive any conveyance by the Developer to any Owner or any conveyance to any successor Owner.

Article 4

Every entity which submits plans to the Developer for approval agrees by submission of such plans, and every Owner of any Building Site agrees by acquiring title thereto or interest therein, that it will not bring any action or suit against the Developer to recover

any such damages based upon the aforesaid causes.

5.3 **Variances.** The Developer, and its successors and assigns, are hereby authorized and empowered to grant reasonable variances from the provisions of this Declaration in order to overcome practical difficulties and unnecessary hardships in the application of the provisions contained herein; provided, however, that such variances shall be reasonably consistent with the purposes hereof and shall not materially adversely affect any existing Improvements on the Property. Article 6

Enforcement

- 6.1 **Responsibility of Owner.** Each Owner shall be responsible for compliance with the terms, conditions and provisions of this instrument by its employees, agents, independent contractors, tenants, building occupants, customers and visitors.

No suit shall lie against the Developer for any failure, refusal or omission to institute or join in any action or proceeding for the enforcement hereof or to restrain the violation of any of the provisions hereof.
- 6.6 **Equitable Relief.** Notwithstanding anything to the contrary contained in this Declaration, from time to time, the Owner of a Building Site shall have the right to commence proceeding or proceedings against the Developer and/or one or more other Owners for one or more restraining orders, injunctions, declaratory relief and/or other equitable relief and the prevailing party or parties in any such proceeding(s) shall be entitled to recover from the losing party or parties against whom a final unappealable order is issued, the prevailing party's or parties' actual out of pocket costs and expenses including, but not limited to, its attorney's fees and expenses occurred in connection with or related to such proceeding(s) in such amounts as may be fixed by the court in such proceeding(s).

Article 7

Term, Termination, Modification and Assignment

- 7.1 **Term.** This Declaration, every provision hereof and every covenant, condition and restriction contained herein shall continue in full force and effect for a period commencing on the date hereof and expiring twenty (20) years from the date hereof. All covenants, restrictions and affirmative obligations set forth in this Declaration shall run with the land and shall be binding on all parties and persons claiming under them to specifically include, but not be limited to, the successors and assigns, if any for the period of twenty-five (25) years from the execution date of this Declaration, after which time all said covenants shall be automatically extended for successive period of ten (10) years, unless an instrument signed by a majority of the then owners of lots substantially affected by such change in covenants has been recorded, agreeing to change said covenants in whole or in part.
- 7.2 **Termination and Modification.** This Declaration, or any provision hereof, may be

terminated, extended or modified by the Developer.

- 7.3 **Assignment of Developer's Rights and Duties.** The rights, powers, privileges, obligations and duties hereby specifically granted to or imposed upon the Developer (as opposed to those rights, powers, privileges, obligations and duties hereby granted to or imposed upon Owners) may be transferred to any successor or assignee of the Developer which succeeds to the Developer's interest in the Property. - 7.5 **Right of Re-Purchase.** If construction of any industrial or other approved building is not substantially completed within two years of the date of the conveyance of any tract from the Developer to an Owner, other than Developer, Developer shall have the right to repurchase the Building Site at any time within one hundred eighty (180) days after the expiration of said two-year period upon giving fifteen (15) days prior written notice of its intention to re-purchase to said Owner. The re-purchase price shall be the price paid by Owner for the Building Site when purchased from Developer plus reimbursement for any real property taxes by Owner relating to Building Site, less the unpaid balance of any mortgage, deed of trust, or other amounts, nonpayment of which may be assessed as liens against the Building Site. The provisions of this Article may be enforced by an action at law maintained by the Developer.

Article 8

Owners Association

8.1 **Creation, Membership.** The Developer may cause to be incorporated under the laws of the State of South Carolina a non-profit corporation to be named Saxe Gotha Park Association, or a similar name (the "Association"). 8.2 **Election of Directors.** The initial board of directors will be named by Developer and set forth in the Articles of Incorporation.

8.3 Members. Every Owner shall be deemed to have a membership in the Association. Membership shall be appurtenant to and may not be separated from Ownership of a Site. In the event of multiple ownership of a site, the co-owners of such Site shall be considered as one Owner for voting purposes. Developer, so long as it owns any land in the Property, shall be a member (but ownership of Street Rights-of-Way shall not be counted in determining the number of votes to which it is entitled as provided in Section 8.4 of this Article 8), but only to the extent it owns land which is a part of the Property.

8.4 Voting. Each member of the Association shall be entitled to one vote for each acre of land owned; however, in the election of directors, the land owned by the Developer shall not be counted, but in all other matters on which the members are entitled to vote, the Developer's land shall be counted. Directors shall be elected annually to serve one year.

8.5 Assessments and Maintenance of Common Areas. Upon creation of the Association, the Association shall become responsible for the maintenance of the Common Areas. The Budget shall be based upon annual estimates by the Board of Directors of the Association's revenues and its cash requirements to pay all estimated expenses and costs relating to the use, maintenance and operation of the Common Areas and the operation of the Association. Such estimated expenses and costs (the "Common Expenses") may include, among other things, the following: insurance premiums; repairs and maintenance; utility charges; street lighting; and any other expense deemed by the Board of Directors to be a common expense.

8.6 Unpaid Assessments. Any assessments by the Association which are not paid by the Developer (assuming the Developer is still an Owner) or an Owner within such reasonable time as shall be designated by vote of the members at the meeting at which the assessment is made, or in the by-laws of the Association, shall bear interest at a rate per annum determined by the Board of Directors or as provided in the by-laws, from such date until paid, and shall constitute a lien upon the Site(s) owned by such member. The amount of any such lien may be enforced by suit or otherwise, at the election of the Association, and the Owner will reimburse the Association for all reasonable attorneys' fees and expenses incurred in so doing, the amount of which shall also constitute a lien on the Site and such lien may be recorded in the Register of Deeds Office for Lexington County.
