## Beechwood

Walkable to all that Beechwood shopping center has to offer. Shopping, dining, grocery and more.

## Downtown

At the entrance to downtown on the corner of Pulaski and Broad. This location puts members in walking distance to all that downtown Athens has to offer.

## NETWORK & ACCESS CONTROL

At Runway Cowork, we have invested in Gigabit Fiber connectivity and Cisco Meraki's cloud-managed network infrastructure to ensure that our members enjoy reliable, high-performance Wi-Fi and robust security. Here is how this benefits you:

### NETWORK PERFORMANCE

**Network Bandwidth** – Enterprise class, Gigabit, dedicated, symmetrical fiber internet connectivity.

**Reliable Wi-Fi** - Cisco Meraki's wireless access points deliver strong, consistent Wi-Fi coverage, ensuring that you stay connected no matter where you are in our space.

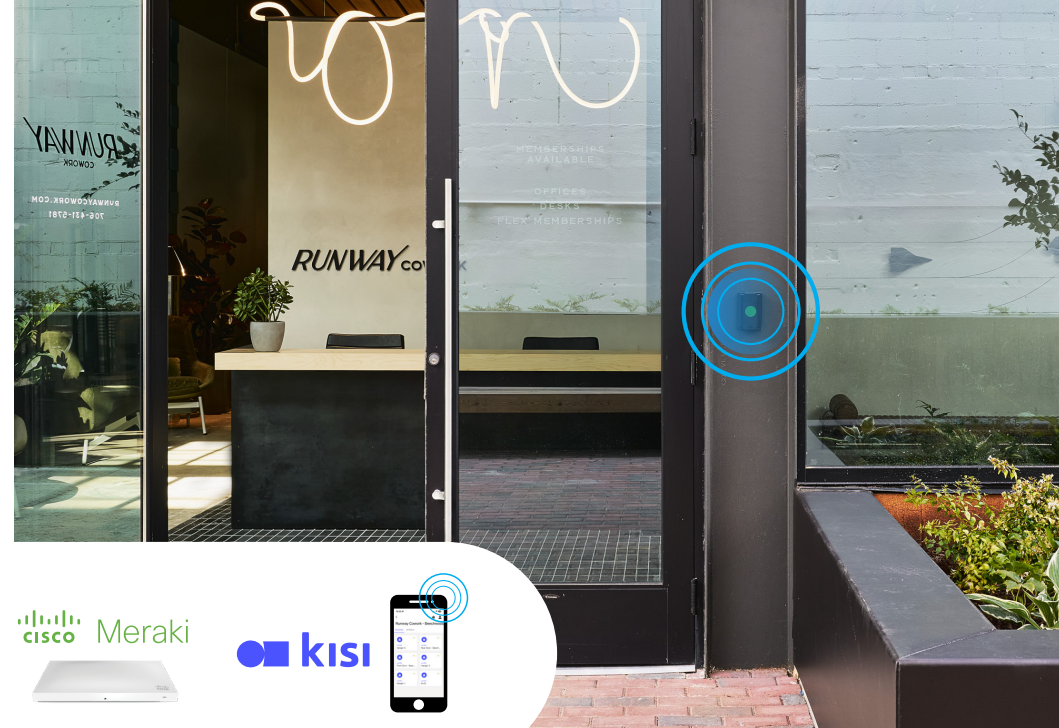

**Optimized Connectivity** - With intelligent traffic management and load balancing, our network automatically prioritizes critical tasks, reducing lag and improving the overall user experience.

**Scalable Bandwidth** - Whether you are a solo entrepreneur or hosting a large team meeting, our network scales effortlessly to meet your bandwidth needs.

### NETWORK AND PHYSICAL SECURITY

**Advanced Threat Protection** - Our Meraki MX security appliances provide unified threat management (UTM) to safeguard your data against cyber threats, including viruses, malware, and phishing attacks.

**Encrypted Traffic** - All data transmitted over our network is encrypted, ensuring that your sensitive information remains secure and private.

**Regular Updates** - The network is regularly updated with the latest security patches, ensuring that our infrastructure is protected against emerging threats.

**Kisi Access Control** - our physical buildings are secured using access control from Kisi. With an easy-to-use iPhone or Android app, you will always have secure easy access to our building and your spaces.

**Camera security** - Our locations, inside and out, are monitored 24/7 with industry leading security cameras that use artificial intelligence to identify threats and to keep your spaces secure.

### BENEFITS FOR OUR MEMBERS

**Peace of Mind** - Enjoy a secure, private connection with confidence, knowing that your data is protected by industry-leading security measures.

**High Performance** - Experience fast, reliable Wi-Fi without interruptions, allowing you to focus on your work without worrying about connectivity issues..
