ARTICLE 23

I, INDUSTRIAL DISTRICT

Preamble

The I, Industrial District is designed to accommodate manufacturing, assembling and fabrication activities, wholesale activities, warehouses, and industrial operations whose external, physical effects are restricted to the area of the district and in no manner affect in a detrimental way any of the surrounding districts. The I, Industrial District is structured to permit, along with any specified uses, the manufacturing, compounding, processing, packaging, assembly, and/or treatment of finished or semi-finished products from previously prepared and raw materials.

The general goals of this use District include:

1. To provide sufficient space, in appropriate locations, to meet the needs of the Township's expected future economy for various types of manufacturing and related uses.
2. To protect abutting residential districts from detrimental impacts from industrial uses by separating residential uses from industrial activities, and by prohibiting the use of industrial areas for new residential development.
3. To promote manufacturing development which is free from the danger of fire, explosions, toxic and noxious matter, radiation, and other hazards, and from offensive noise, vibration, smoke, odor and other objectionable influences.
4. To promote the most desirable use of land in accordance with a well considered plan. To protect the character and established pattern of adjacent development, and in each area to conserve the value of land and buildings and other structures, and to protect the Township's tax revenue.

SECTION 23.01. Principal Uses Permitted

In the I, Industrial District no building or land shall be used and no building shall be erected except for one or more of the uses listed in the following Table of Permitted Uses, unless otherwise provided for in this Ordinance.

SECTION 23.02. Special Land Use Conditions

Special land uses may be permitted by the Planning Commission, pursuant to Article 34, after a public hearing and site plan review, and subject to reasonable conditions which, in the opinion of the Planning Commission, are necessary to provide adequate protection to the public health, safety and welfare. In addition to the conditions specified in the previous Table of Permitted Uses, the following conditions apply to all special land uses:

- A. **Fencing.** The need for fencing will be determined on a case-by-case basis, in consideration of the nature of the use and the character of the surrounding uses.

- B. **Landscaped Screening.** If the Planning Commission requires landscaped screening, then it shall consist of closely spaced evergreens in staggered rows, augmented with other plantings for aesthetic enhancement.
- C. **Performance Standards.** Any production, processing, cleaning, servicing, testing, repair or storage shall conform with the performance standards in Article 26.

SECTION 23.03. Area, Height and Bulk Requirements.

See Article 6, Summary of Development District Regulations, limiting the height and bulk of buildings, the minimum size of lot permitted by land use, and the maximum density permitted.
