Metrocenter Mall Redevelopment (7 Minutes Away)

The iconic Metrocenter Mall, once a bustling retail destination, is undergoing a transformative redevelopment into a vibrant mixed-use urban village known as "The Metropolitan." The \$850 million project encompasses the demolition of the existing mall structures to make way for a modern community featuring between 1,200 to 2,000 housing units, retail spaces, restaurants, parks, and bike paths. A key feature of this redevelopment is its integration with Phoenix's light rail system, enhancing connectivity and promoting sustainable urban living. Demolition began in late 2024, with the project expected to be completed over the next three to four years.
