Availability April 2025

BENEFITS

Lower Occupancy Costs

370 Corporate Center offers several cost advantages over competing alternatives that can result in a reduction in overall occupancy costs.

These cost advantages include:

- Lower property taxes
- Lower insurance costs
- Lower maintenance cost associated with new construction
- Lower base rental rates due to a low cost basis in the land and a low cost of development capital
- No city taxes on earning or inventory
- No flood insurance needed

Distribution Efficiencies

370 Corporate Center offers efficiencies associated with the following:

- Immediate access to I-370 and connecting interstates: I-70, I-270 & I-170

Reduced Time & Risk

370 Corporate Center is being developed by builders that have a proven track record for completed project on-budget and on-time. The builders offer the following advantages for achieving reduced time and risks associated with the project:

- Value engineering to provide the best facility for the lowest lease rate
- Experienced professionals involved in all phases to assure quality
- One source of responsibility providing turn-key facilities

Location

St. Charles County, one of the fastest growing area in the nation.

This location offers:

- Proximity to abundant source of skilled labor
- Proximity to restaurants, hotels, meeting rooms, entertainment venues, etc.
- An outstanding business environment for attracting quality employees and providing a professional image
- A location 10 minutes west of Lambert-St. Louis International Airport
