

NEIGHBORHOOD MEETING WITH ODOT MONDAY, MARCH 11th

REGARDING THE STATE RTE 315 OVERPASS ONTO STRATFORD ROAD

ODOT is proposing several road changes in our area. One of which is to create an overpass which would funnel 315 traffic directly onto Stratford Road in Delaware, removing access to 23.

Due to the outpouring of concern in our area on how this proposal would significantly increase traffic, noise, and pollution in our neighborhood, ODOT has agreed to meet with our community.

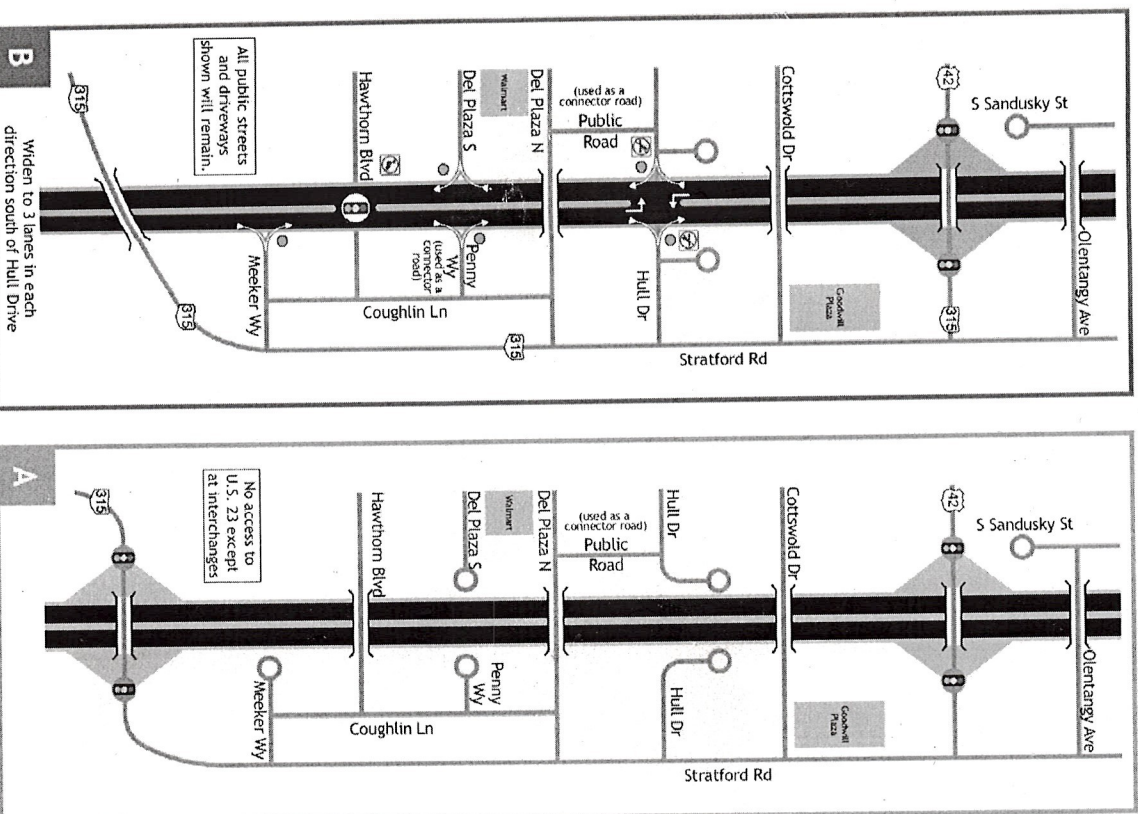

MEETING DETAILS:

Date: MONDAY, MARCH 11th

Location: The Barn at Stratford
690 Stratford Road.
Delaware, OH 43015

Time: 3-4pm
