Endless possibilities, live, work and play here. As well as additional areas to work on vehicles. At the back side of the front building is a stage and sitting area along with another building that has more car lifts in it. As you continue around the property there are additional bays with overhead doors. Front building has a covered area 50x44 that also has RV plugs, each bay on that building is 50x22. Main building with the unique floor is 120x70, the shop connected to that building is 50x70. In the main building there are bathrooms, shower, storage, kitchen, bar and an office. The back L shaped building is roughly 200x30 and 100x30. In the L shaped building there are bathrooms and a painting booth. There are 13 overhead doors and a total of 4 car lifts. Property can be used residential or commercial. List price excludes the vehicles (sold separately) and personal trophies / personal collection. Other items will convey with the sale.
