A comprehensive lobby and elevator cab renovation was recently completed. In keeping with its pure international style, the renovation introduces a palette of timeless materials and unique design. The feature wall with Kenya Black Marble is a classic stone defined by its unique pattern, which showcases a depth of sophistication and superior quality creating an elegant and urban aesthetic in the modern design.

The revitalization continues with the white glass walls flowing seamlessly through the elevator lobby.

New elevator cabs compliment the distinctive design features of the lobby.
