3125 Hemphill St

Fort Worth, Texas 76110

WORTH
COMMERCIAL
REAL ESTATE

PROPERTY INFORMATION

3125 Hemphill Street offers a rare opportunity for an owner/user to acquire a secure, move-in ready office building in the heart of South Fort Worth. The ±2,050-square-foot building features a new, efficient office buildout with several private offices, a conference room, a small enclosed bullpen area, two private restrooms, a welcoming reception area, and a large break room. The layout was thoughtfully designed to maximize functionality and provide a professional yet comfortable work environment.

The property includes a fenced and gated parking lot, providing privacy and security that's increasingly hard to find in this area. Conveniently located with easy access to I-35W, TCU, and Downtown Fort Worth, the building offers exceptional connectivity to key employment and amenity hubs across the city.

With very limited small-office product available for purchase in the surrounding market, 3125 Hemphill stands out as a turnkey ownership opportunity for companies seeking a well-maintained, standalone office property with strong visibility and long-term value potential.

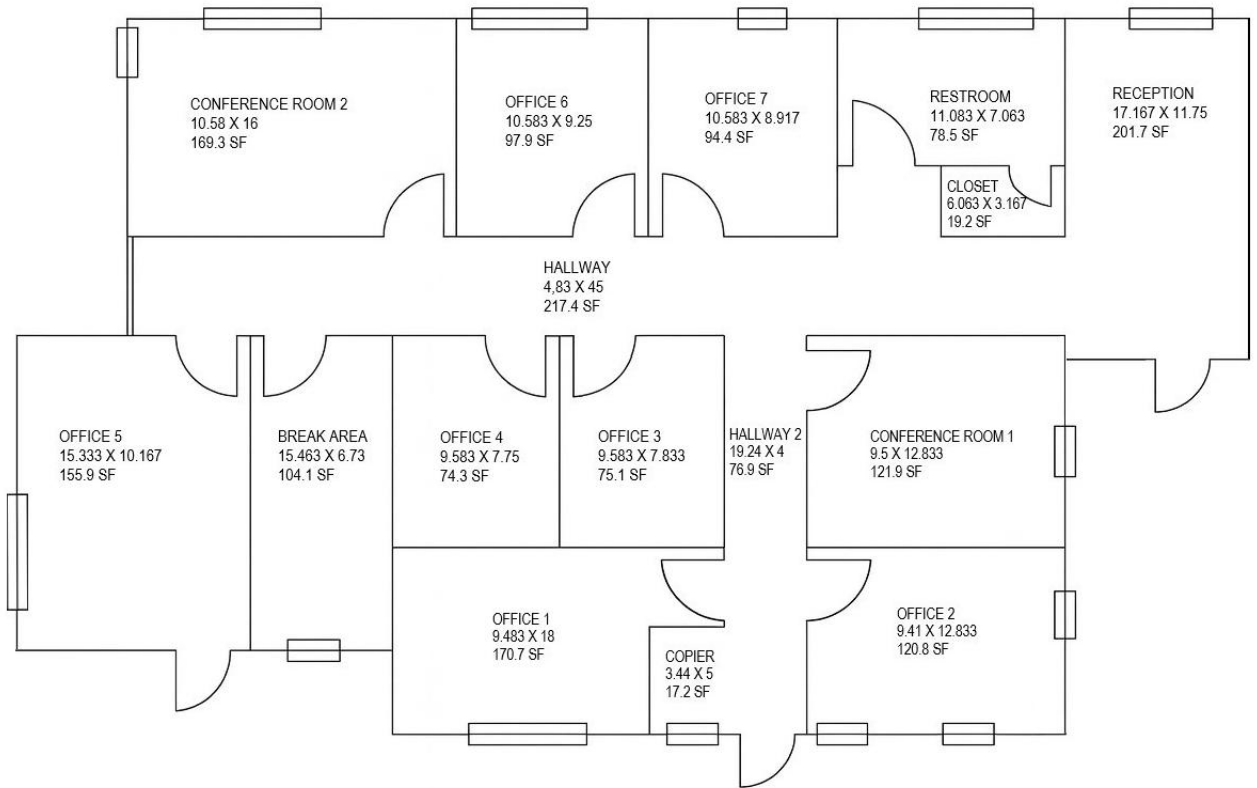

PROPERTY HIGHLIGHTS

- Built in 1927
- ±2,050 SF move-in ready office building on 0.1721 acres. Ideal for an owner/user
