Conroe Medical Park consists of four on-campus medical office buildings with connectivity to HCA Houston Healthcare Conroe, which is located off I-45 and in close proximity to the newly activated retail and restaurants along Loop 336. HCA Conroe is a 342-bed hospital with 1,200 employees and more than 400 physicians on staff. It is a Level II Trauma Center, with Certified Primary Stroke and Accredited Chest Pain Centers, and a Level III Neonatal Intensive Care Unit.

Each MOB is three stories and has a myriad of specialists and sub-specialist tenants. All of the buildings are connected by a walkway to the hospital, providing easy access to traverse the campus. Valet parking is offered at two of the buildings.

Conroe Medical Park can accommodate a large range of tenant requirements up to 9,500 SF. We have two speculative suites in the works: 1,605 SF and 2,371 SF. The suites will have on-trend, high-end finishes including two-toned LVT flooring, spacious nursing stations, abundant natural light and more! Additionally, there are several suites that can be ready in less than 60 days for a new tenant wanting to select their paint colors and flooring.

is a 342-bed hospital with 1,200 employees and more than 400 physicians on staff. It is a Level II Trauma Center, with Certified Primary Stroke and Accredited Chest Pain Centers, and a Level III Neonatal Intensive Care Unit.
