The county's southwest corner meets the northeast corner of Lake Tahoe, while both Washoe Lake and Pyramid Lake are also encompassed within its borders.

This replica cannon is awarded to the winner of the annual Reno-UNLV football game and is painted in the victorious team's colors, blue or red.

Lake Tahoe

Lake Tahoe, located less than 25 miles from downtown Reno, serves as a year-round destination for outdoor enthusiasts. It offers water sports in the summer and transforms into a winter sports haven with North America's largest concentration of ski resorts, receiving 400 inches of snow annually.

The Neon Line

The Reno Neon Line District, an emerging submarket, is rapidly expanding with the acquisition and redevelopment of properties west of downtown Reno. Led by local developer Jacobs Entertainment, this submarket revitalization blends commercial spaces and housing with a vibrant arts and entertainment scene. Spanning from West St. to Keystone Ave., and from I-80 to W. 2nd St., the Neon Line District aims to redefine urban living and leisure in Reno.

Virginia Street Project

The Virginia Street Revitalization Project has been recently completed providing a safe and seamless connection between UNR, downtown, and MidTown Reno. The Regional Transportation Commission (RTC) of Washoe County and Sierra Nevada Construction (SNC) partnered on the project which allows for increased pedestrian safety with expanded sidewalks, improved bike lines, pedestrian ramps, and ADA-compliant crosswalks. The area manages vehicle traffic flow with dual one-way traffic lanes, bus-only lanes, and enclosed bus stops.

MidTown

Over the past five years, MidTown has transformed into a sought-after destination for investors, who are infusing modern art and architecture into existing buildings. This revitalization is not only enhancing the aesthetic appeal but also bolstering the Reno economy. By fostering collaboration between entrepreneurs and business developers through a blend of redeveloped commercial spaces and residential conversions, the MidTown district is driving economic growth. Additionally, annual events organized by retail and office users are fostering community engagement, attracting residents from Reno and Sparks alike.

SouthEast Connector

Completed in 2018, the SouthEast Connector offers an alternative transportation route between east Sparks and south Reno, comprising a new 5.5-mile arterial road, seven bridges, two signalized intersections, and a multi-use path for recreational users. This new roadway serves as a bypass from the congested US-395/I-580 freeway and the southwest section of McCarran Blvd.

Carson City
