GENERAL INFORMATION

The four buildings comprising Georgetown Village are loosely tied by way of a “Declaration of Covenants and Restrictions,” however not technically a condominium association. Currently the only shared expense is the cost of snow removal. All other expenses are specific to each building owner.

Parking - Each building has a cross easement for parking with the others, so all the parking is shared with all the buildings. There are a total of 41 parking spaces plus there is additional legal meter parking on Rockledge Drive just a short walk (150 feet) from the property. There is additional parking on a portion of the adjacent lot not included in the calculation of 41 spaces. Finding a parking spot has never been an issue for the tenants and visitors of these buildings.

Trash – Trash is the individual responsibility of the tenants/occupants. They may choose to remove their own trash or have pickup at the building.

Snow Removal - The current owner of the building at 6509 Democracy has had a long term a snow removal contract for all the buildings and pays for the snow removal. At the end of the season, he divides the amount by the percentage spelled out in the covenants for the four buildings and each owner reimburses for their share.
