Fairfield Logistics North Building 1A

PROPOSED SITE PLAN

Fairfield Logistics North is a master planned logistics campus strategically located in Fairfield Township, offering easy access to interstate highways I-275, I-75 and I-74.

Located in the heart of Cincinnati's largest industrial submarket (79.4 million SF), the park's location allows companies to draw from high quality, competitively priced labor pools from the surrounding municipalities in addition to a number of amenities.

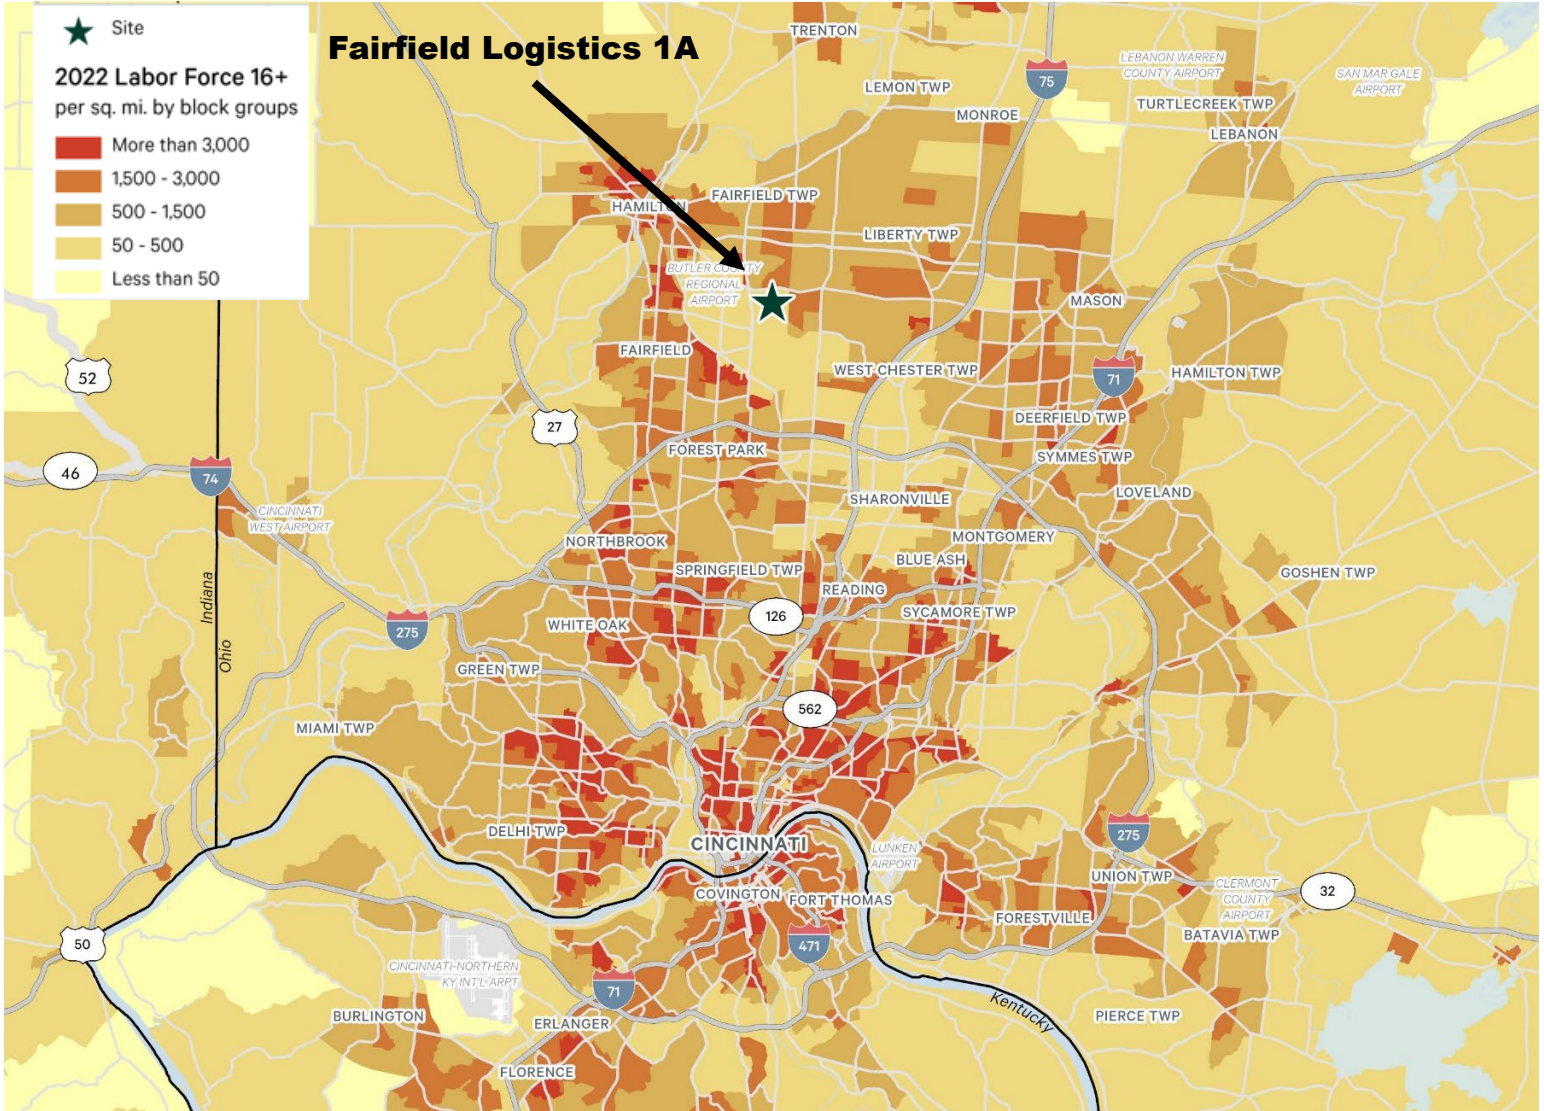

Situated within a 2-day access window to nearly 60% of the US population, the region offers several options for transportation as well as significant logistics cost savings.

With sites available to accommodate occupiers from 100,000 SF up to 1 million SF, Fairfield Logistics North is an ideal location for local, regional and national distribution users.
