

# FOR LEASE

## HEARTLAND CENTRE I

OFFICE & INDUSTRIAL SPACE IN ALBERTA'S INDUSTRIAL HEARTLAND  
11870 88 Avenue (Josephburg Road), Fort Saskatchewan, AB

*In partnership with:*  
**TAG DEVELOPMENTS**

### HIGHLIGHTS

- Various spaces/sizes available which are zoned for a wide range of commercial and industrial uses
- Abundant natural light, efficient layouts and customizable interior configurations
- Ample on-site surface parking and loading capabilities
- Access to regional amenities, restaurants and services - perfect for supporting staff and client needs
- Close proximity to world-scale operations (Shell, Dow, Sherritt) ensures strong industrial synergies

This District is intended to provide for light industrial uses that do not adversely affect adjacent land uses or cause any external, objectionable or dangerous conditions outside of any building on the light industrial site. This district is also intended to provide for offices, research and development activities, and specialized light industrial and manufacturing establishments. This District is normally applied to sites adjacent to major roadways on the periphery of industrial areas and may serve as a buffer between heavier industrial and other land uses.

## Why Invest in Fort Saskatchewan

Investing in Fort Saskatchewan offers a compelling opportunity due to its strategic location, robust industrial base, and supportive economic environment.

### Strategic Industrial Hub

Fort Saskatchewan is a key player in Alberta's Industrial Heartland, Canada's largest hydrocarbon processing region. This area hosts major industrial projects, including Dow's Path2Zero initiative – a proposed \$11.6 billion net-zero emissions facility near Edmonton, aiming to produce 3.2 million metric tons of polyethylene and ethylene derivatives. Although construction has been delayed to align with current market conditions, the project underscores the region's industrial significance.

The city is also home to the Heartland Petrochemical Complex, a \$3.5 billion project by Inter Pipeline that produces recyclable plastics from propane, marking Canada's first integrated propane dehydrogenation and polypropylene facility.

### Economic Growth and Investment

Fort Saskatchewan has experienced significant economic growth, with the value of major projects reaching \$13.9 billion in 2024 - a 17.3% increase year-over-year and a staggering 3,359% rise over the past five years. This growth reflects the city's dynamic investment climate and its appeal to large-scale industrial projects.

### Skilled Workforce and Demographics

The city boasts a highly trained workforce, supported by local access to world-class educational institutions. Between 2016 and 2021, Fort Saskatchewan's population grew by 12.1%, indicating a vibrant and expanding community. This growth ensures a steady supply of skilled labor to meet the demands of industrial and commercial enterprises.

### Target Sectors and Incentives

Fort Saskatchewan actively promotes investment in key sectors such as petrochemical production, advanced manufacturing, hydrogen, carbon capture and storage, and value-added agriculture. To support these industries, the city offers various incentives, including a Brownfield Tax Exemption and a Downtown Development Grant, aimed at encouraging multi-unit and mixed-use residential development in the downtown core.

### Quality of Life and Community Support

Beyond its industrial prowess, Fort Saskatchewan offers a high quality of life with a small-town feel. The city is committed to sustainable eco-industrial development and supports a flourishing local economy. Community investments, such as Dow's \$9 million contribution to local initiatives, further enhance the city's appeal to both residents and investors.

## DOW CANADA | FORT SASKATCHEWAN PATH<sub>2</sub>ZERO PROJECT

Dow Canada has begun work on an \$11Billion Path<sub>2</sub>Zero project in Fort Saskatchewan. This will bring 6,000 - 7,000 jobs at the peak of construction in 2025/2026, with approximately 400 - 500 full-time jobs once operational.
