Flat corner site located at the signalized corner of Route 5 and Strath Road along the Virginia Capital Trail.

The zoning allows B-2 uses and district requirements. Logical uses include medical, daycare, restaurants, convenience store, drugstore or general retail uses. The back parcel is planned for a small office.

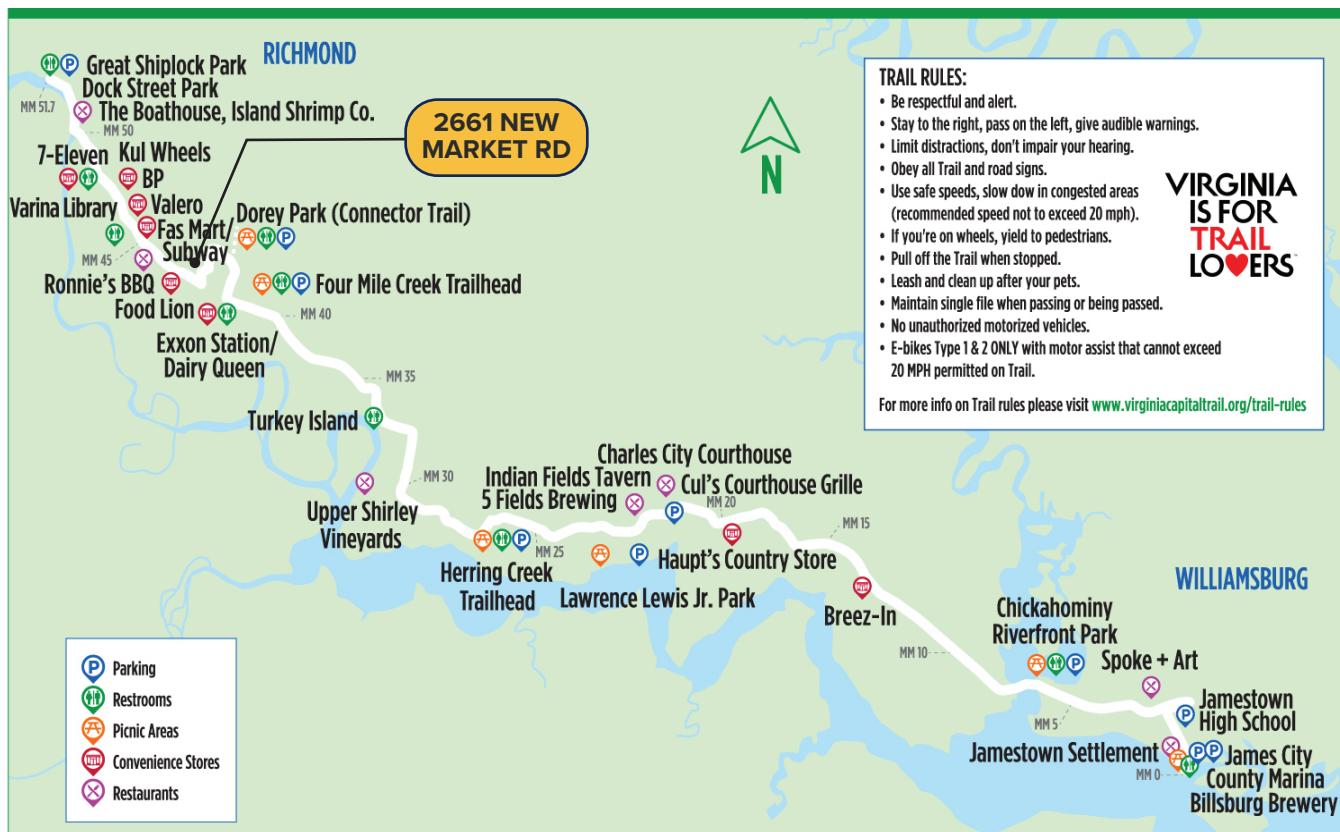

The site was originally planned and approved for a Rite Aid drug store. The seller is flexible and will allow time for reasonable changes to the zoning or site plan approval but will also consider a discount for a quicker close.

Survey, geotech and environmental have all been done and there are no site conditions that limit development.
