# Clark County Nevada

## Synopsis

As of the 2020 census, the population was 2,265,461, with an estimated population of 2,350,611 in 2024. Most of the county population resides in the Las Vegas Census County Divisions across 435 square miles. It is by far the most populous county in Nevada, and the 14th most populous county in the United States. It covers 7% of the state's land area but holds 73% of the state's population, making Nevada one of the most centralized states in the United States.

With jurisdiction over the world-famous Las Vegas Strip and covering an area the size of New Jersey, Clark County is the nation's 14th-largest county. The County is a mix of urban and rural locales that offers the convenience of city living with access to some of the nation's best outdoor recreational areas just a short drive away.

Clark County employs more than 10,000 people over 38 departments. The County has an annual budget of \$11.4 billion, which surpasses that of the state government.

# City of Las Vegas

## Synopsis

The City has cultivated and championed a variety of important projects for the benefit of the community. Some highlights include Universal Studios is coming to Las Vegas! Universal Studios is building it's first ever permanent horror experience. Just North of the Las Vegas Strip, the 110,000 square foot attraction will add on to the 20-acre Area15 entertainment district. The City is looking forward to the new developments and is anticipating these attractions to be groundbreaking additions to the Las Vegas entertainment scene.

The City is also bringing new technologies and industry to Las Vegas.

The heart of the Innovation District is the International Innovation Center @ Vegas. The City of Las Vegas continues to be a hub for innovation and technology with opening 2 Innovation Centers for established and emerging tech companies developing smart technologies.

# Southern Nevada Growth

## Education & Workforce Development

Southern Nevada's post-secondary education and training institutions have significantly increased their offerings.

Notably, the **University of Nevada, Las Vegas (UNLV)** doubled its research and development (R&D) performance over the last decade and reached R1 status in 2018, the highest classification for research universities. Additionally, the newly formed UNLV School of Medicine started class in 2017.

**Nevada State College (NSC)** more than double its degree awards since 2011, with especially strong growth in awards to racial and ethnic minorities, and in health professions that support a key regional target industry.

**The College of Southern Nevada (CSN)** was named as a Leader College of Distinction by national non-profit network Achieving the Dream in 2019 for its work on improving student outcomes and reducing student achievement gaps.

## Innovation Ecosystem

In 2016, Las Vegas established an Innovation District to spur smart-city technology infrastructure and launched the International Innovation Center @ Vegas (IIC@V) incubator to support development of high priority emerging technologies.

The Las Vegas-based Nevada Institute for Autonomous Systems was designated in 2013 as one of six official unmanned aircraft systems (UAS) test sites in the United States, and the UNLV Tech Park has quickly emerged as a hub for regional innovation.

In July 2019, Google broke ground on a \$600 million data center, and in October 2019 Switch announced a partnership with UNLV to support sports science R&D. Switch also expanded its footprint in Southern Nevada to 4.6M SF of data center space.

The Las Vegas Convention and Visitors Authority (LVCVA) partnered with the Boring Company to build a high-speed electric autonomous people mover for the Las Vegas Convention Center.
