PROPERTY OVERVIEW

THE OFFERING

Newmark Robinson Park is pleased to present the opportunity to acquire a newly constructed, 2,400 SF Integris AllSet Urgent Care Clinic at 12033 NW Expressway in Yukon, Oklahoma, for \$1,450,000.

The property is under a 10-year NNN lease to INTEGRIS Health, the most extensive Oklahoma owned, not for profit health system, with hospitals, specialty clinics, family care practices, and centers of excellence serving communities across the state.

As of FY2025, the system reports 20 hospitals with >2,000 licensed beds, 12,071 caregivers, 826 employed physicians/providers, 197 clinic locations, 16 urgent cares, and 21 telehealth sites—with ~6 in 10 Oklahomans living within 30 miles of an INTEGRIS Health facility or physician.

The site benefits from high traffic along NW Expressway and from population growth as the OKC metro expands to the north and west into Canadian County, especially in Piedmont and Yukon.

Within a 5-mile radius of the site, there are nearly 40,000 residents and almost 14,000 households, consisting primarily of homeowners. The population growth in that radius from 2020 to 2025 was 2.85%, far exceeding the annual population growth in the OKC MSA over that period of 0.94%.

OKLAHOMA CITY MARKET REPORT

OKLAHOMA CITY MARKET REPORT

THE YEAR OF OPTIMISM

Optimism is growing for Oklahoma City's commercial real estate market in 2025. The past few years brought challenges. COVID-19, high interest rates, and election-year uncertainty created hurdles. Now, key trends point to recovery.

The office sector saw positive absorption in 2024, with a strong start and end to the year, though activity remained uneven. Interest among buyers and sellers grew after the Federal Reserve cut rates in September. State and federal mandates and those from the private sector requiring employees to return to the office full-time are driving demand.

The industrial sector stayed active in leasing. Sales slowed due to high interest rates, which eased in the fourth quarter. A U.S. manufacturing resurgence and investment in onshoring should boost demand this year. Slower construction in 2024 will help absorb Class A vacancies.

The retail sector expanded with projects like The Oak, which added a boutique hotel, luxury apartments, and new dining and retail options, including new-to-market brands. However, uncertainty remains about the impact of national chain restaurants and big-box store closures on the local market.

The multifamily sector saw total sales of \$121 million in 2024, down from 2023. The fourth quarter brought a strong surge, with \$37 million in deals. Buyers and sellers are adjusting to higher interest rates as they navigate changing conditions, although rental and occupancy numbers remain strong across all property classes.

Overall, 2025 looks promising as rate cuts, government mandates, and new developments drive momentum.
