# S U M M A R Y

The subject offering consists of approximately 4.76 acres of land within the City of Lancaster, zoned SP (Specific Plan) with a General Plan designation of Light Industrial (LI), and improved with four (4) existing residential structures, according to Los Angeles County Assessor records. The existing improvements include a primary single-family residence and three additional smaller residential structures totaling approximately 4,540 square feet of building area per public records.

The property is located along West Avenue F in Lancaster, California, a major east-west arterial serving the Antelope Valley region. The site benefits from strong frontage and convenient access to 30th Street West and State Route 14 (Antelope Valley Freeway), and is situated near General William J. Fox Airfield and surrounding industrial corridors, supporting long-term industrial land value in a supply-constrained market.

The primary residence has been internally configured into approximately eight (8) bedrooms with kitchen facilities. Buyer to independently verify permits, legal unit count, zoning compliance, and all applicable regulations.

The transaction is intended to include six (6) modular homes, consisting of two (2) currently located on-site and four (4) additional modular homes to be relocated to the property prior to close of escrow, subject to buyer verification and agreement in the purchase contract.

The offering may appeal to owner-users, who may pursue SBA financing options, including SBA 7(a) or SBA 504 loans, which can allow for lower down payment requirements, subject to lender underwriting, property eligibility, and buyer qualification. The offering is best positioned as an as-is sale of industrial land with existing residential improvements, appealing to investors or owner-users seeking interim utility with long-term redevelopment or repositioning potential.

Assessor records may reference zoning or use classifications such as LRA12\* for tax purposes. City zoning governs permitted use. All information herein is based on public records and seller-provided information and is subject to buyer verification. No representations or warranties are made as to legality, permitted use, unit configuration, or financing availability.

# Lancaster Development Projects & Milestones (Through 2028)

Project / Initiative	Type	Scope / Highlights	Timing / Milestones	Expected Impact
Westside Annexation & North Lancaster Industrial Specific Plan	Public / City	Annex ~7,153 acres from LA County; allows up to ~38.5M sq ft industrial, commercial, residential, mixed-use	Draft EIR published May 2025; final approval & implementation continuing through <b>2026–2028</b> planning phases.	Large-scale industrial and mixed-use development; land value uplift; infrastructure expansion
Element Resources – Lancaster Clean Energy Center	Private / Public-Private	Renewable green hydrogen facility (20,000+ T/year); PV solar + H2 production; large employment	Planning Commission approval March 2024; FEED completed 2024; construction and equipment procurement <b>2025–2026</b> ; operations <b>2026–2028</b>	Major clean energy hub; jobs; regional hydrogen supply; energy services demand
ARChES Regional Hydrogen Hub	Public-Private / Federal	DOE awarded ~\$1.2B to support clean hydrogen ecosystem; includes Dash Clean Energy component & microgrids	Hub designation in 2023; implementation and deployments through <b>2025–2030+</b> . ( <a href="#">City of Lancaster</a> )	Clean energy infrastructure investments; hydrogen jobs; supply chain growth
Lancaster Waste to Renewable Hydrogen Project	Private / City	H2 from waste feedstock – single production facility; carbon-neutral	Conditional Use Permit under review (project on industrial land). ( <a href="#">CEQAnet</a> )	Adds diversity to hydrogen production; supports industrial energy demand
SR-14 Corridor & Connectivity Improvements	Public / Caltrans & City	Road safety, multimodal transportation upgrades	Design/approval processes <b>2025–2026</b> ; construction phases beyond 2026	Better access for commerce, residents, logistics
150-Lot Residential Subdivision (City Commission)	Public / City	New single-family homes approved; supports housing growth	Planning and environmental review <b>2025–2026</b>	Community growth; new residents for local economy
Lancaster Promenade & Downtown Revitalization	Public-Private	Mixed-use retail, events, culture; small business support	Ongoing expansion and community events through <b>2026–2028</b>	Local economic activation; tourism and business traffic
Community/Cultural Events Expansion	Public	Festivals, public initiatives (e.g., art walls, community programs)	Annual / ongoing through <b>2028</b>	Engagement, small business support, neighborhood identity
Future Hydrogen Fueling / Retail Applications	Public-Private	Ancillary hydrogen station builds and microgrid uses	Likely <b>2026–2028</b> as production and infrastructure grow	Transportation energy market growth; new commercial use cases
Industrial Warehouse & Park Projects	Private	Logistics/warehouse facilities around Fox Field and Avenue F	Construction starts 2026; expansion ongoing <b>2026–2028</b>	Jobs, industrial demand, freight/logistics activity

# INVESTMENT HIGHLIGHTS

## Investment Highlights

- ±4.76 Acres of Industrial-Zoned Land (Zoning: LRA12\* per public records)
- Strong Frontage Along West Avenue F (major east-west arterial in Lancaster)
- Convenient Access to SR-14 (Antelope Valley Freeway) via 30th Street West
- Strategic Vicinity to General William J. Fox Airfield and surrounding industrial activity
- Existing Improvement Coverage per County records, offering potential interim utility (buyer to verify)
- As-Is Industrial Land Opportunity with long-term redevelopment or repositioning potential, subject to due diligence

## Potential Industrial Uses (Buyer to Verify)

Potential uses may include, but are not limited to, the following, subject to zoning, permits, and agency approvals:

- **Contractor yard / equipment storage**
- **Industrial storage yard / laydown yard**
- **Vehicle and fleet storage**
- **Light industrial / service-oriented use**
- **Distribution support / staging area**

*Buyer to verify zoning, allowable uses, utility capacity, and all development requirements to their satisfaction.  
Owner-User Financing (Buyer to Verify)*

**Qualified owner-users may pursue SBA 7(a) or SBA 504 financing options, subject to lender underwriting, property eligibility, and buyer qualifications.**

### Disclosure:

All information is deemed reliable but not guaranteed. Property details, zoning, improvement configuration, and potential uses are based on public records and seller-provided information. Buyer to verify all information to their satisfaction.

# ABOUT LANCASTER

Lancaster is a major High Desert market within Northern Los Angeles County, supported by regional aerospace, logistics, and industrial employment. The area continues to attract business activity due to its proximity to key transportation routes, access to developable land, and strong connectivity throughout the Antelope Valley region. The subject property benefits from convenient access to SR-14 (Antelope Valley Freeway) and nearby industrial corridors.

## Market Drivers

- Strong industrial demand supported by aerospace, logistics, and manufacturing
- Large parcels are limited, supporting long-term land value
- Convenient access to SR-14 and regional transportation routes

## CONFIDENTIALITY and DISCLAIMER

The information contained in this Offering Memorandum has been prepared by Real Estate Source, Inc. for the purpose of providing summary information to prospective purchasers and to establish only a preliminary level of interest in the subject property. This Offering Memorandum is proprietary and confidential and is intended solely for the use of the party to whom it has been delivered. It may not be reproduced, distributed, or made available to any other person or entity without the prior written consent of Real Estate Source, Inc. By accepting and reviewing this Offering Memorandum, the recipient agrees to hold and treat all information contained herein in the strictest confidence and agrees not to photocopy, duplicate, or otherwise reproduce any portion of this document. If the recipient has no interest in the subject property, this Offering Memorandum should be promptly returned to Real Estate Source, Inc. The information contained herein has been obtained from sources believed to be reliable; however, Real Estate Source, Inc. has not verified, and makes no representation or warranty, expressed or implied, as to the accuracy or completeness of the information provided. No investigation has been made by Real Estate Source, Inc. regarding the income or expenses of the property, the future projected financial performance, the size or square footage of the land or improvements, zoning compliance, permitted use, unit legality, environmental conditions, the presence or absence of hazardous materials, or the physical condition of the property. This Offering Memorandum is not a substitute for a thorough due diligence investigation. Prospective purchasers are encouraged to conduct their own independent investigation of all aspects of the property and to rely solely on such investigations. All potential buyers shall bear their own costs and expenses related to any investigation, inspection, or evaluation of the subject property. No representations or warranties are made as to the future performance of the property, the continued occupancy of any tenants, or the suitability of the property for any specific use.
