Workforce housing density and intensity bonus: All units associated with this bonus shall be utilized in the creation of Workforce Housing units as prescribed in the City's workforce housing program and shall meet all requirements of the program.

Hotel density: Additional hotel density may be allowed pursuant to the cg (commercial general) Comprehensive Plan future land use category and section 4.2.7.6 of the countywide plan rules. In order to preserve existing commercial floor area on redevelopment sites within CCS-1 equal to or greater than 5 acres, the residential component shall not exceed 40 percent of the total FAR. Where the residential component exceeds 40 percent of the total FAR, special exception approval is required.

Refer to technical standards regarding measurement of lot dimensions, calculation of maximum residential density, nonresidential floor area, and impervious surface.

For mixed use developments, refer to additional regulations within the use specific development standards section for mixed uses (currently section 16.50.200).

A 100% intensity bonus is allowed for manufacturing, office, and laboratories and research and development uses on parcels designated as Target Employment Center (TEC) Overlay on the future land use map.
