## INTERIORS

Floor-to-ceiling glass invites the lush, natural outdoors in. The clean lines of the open, sun-dappled lobby rise to greet circular light panels floating at different heights, suggesting clouds gliding by.

The crisp, natural finishes feature crag-honed, random-cut stone floors and matching base, wood paneled and honed stone walls, and pure white paint with grey accents.

The clean, open look and feel continues throughout with frameless glass panels extending the theme to the elevators, restrooms, and backroom—seamlessly echoing the same feel, fit, and finishes.
