20.10.010 General

A. Districts

1. List

The city’s business and commercial zoning districts are listed below. When this zoning ordinance refers to “business,” “B,” “commercial” or “C” zoning districts, it is referring to these districts.

Map Symbol	District Name
B1	Neighborhood Business
B2	Community Business
C1	Neighborhood Commercial
C2	Community Commercial
CBD	Central Business District

2. Deciphering the District Names and Map Symbols

The B and C district names and map symbols shown above provide only a general, relative indication of the types and scale of uses allowed within respective B and C districts. On the zoning map these districts include at least one other essential information component: an intensity designator, which is identified by a dash and a numeral following the initial letter-number combination, as in B2-2 (B2 dash 2). The intensity designator establishes the allowable intensity of development and applicable parcel and building standards.

B. Purposes

Missoula’s business and commercial zoning districts are primarily intended to accommodate and promote neighborhood- and community-serving business and commercial (e.g., retail, service, office) uses, as well as mixed-use development consisting of business uses and residential uses in the same building or on the same site. Encouraging true mixed-use development can help reduce vehicle travel demand and provide increased housing choice and transit-oriented densities.

20.10.020 Allowed Uses

A. Use Table

Uses are allowed in B and C zoning districts in accordance with Table 20.10-1, below.

B. Use Classification System

For the purpose of this zoning ordinance, uses are classified into “use groups,” “use categories,” and “specific use types.” These are described and defined in [Chapter 20.105](#). Uses are identified in the first column of Table 20.10-1.

C. Permitted Uses

Uses identified with a “P” in Table 20.10-1 are permitted as-of-right in the subject zoning district, subject to compliance with any use standards identified in the final column of the table and all other applicable standards of this zoning ordinance.

D. Conditional Uses

Uses identified with a “C” in Table 20.10-1 may be allowed if reviewed and approved in accordance with the conditional use procedures of [20.85.070](#). Conditional uses are subject to compliance with any use standards identified in the final column of the table and all other applicable standards of this zoning ordinance.

E. Prohibited Uses

Uses identified with a “-” are expressly prohibited.

F. Use Standards

The “use standards” column of Table 20.10-1 identifies use-specific standards that apply to some uses. Unless otherwise expressly stated, compliance with such standards is required regardless of whether the use is permitted as-of-right or requires conditional use approval.

20.10.030 Parcel and Building Standards

A. General

This section establishes basic parcel and building standards for all development in B and C districts. The standards that apply vary according to the intensity designator that is attached to the zoning map symbol. These intensity designators are identified by the numeral following the dash (-) in the district name, as in “B1-2” (B1 dash 2).

B. Basic Standards

All residential and nonresidential development in B and C districts must comply with the parcel and building standards of Table 20.10-2, except as otherwise expressly provided. General exceptions to parcel and building standards and rules for measuring compliance can be found in [Chapter 20.110](#).
