10064 Dawson Canyon Rd, Ste E	±20,800 SF	900 SF	\$1.35 Gross	6	22'	ESFR Sprinklers; Yard Possible

Leinen Business Park offers a unique opportunity in Southern California for manufacturing facilities with rare to find building features.

Across the two buildings, a tenant can secure up to 14 ground-level doors, a minimum of 2,200 Amps of 480 volt power, heavy power, and a ESFR sprinkler system for high-intensity operations. One warehouse is equipped with swamp coolers to keep crews comfortable and safe. Outside, the properties provide large yards, gravel or concrete, ideal for equipment, materials, or container storage, along with ample parking.

Buildings can be leased individually or as a combined campus, giving flexibility to scale operations. With no surrounding neighbors, manufacturers can run around-the-clock, heavy-duty operations without concern for noise or outdoor activity. Convenient access to the I-15 makes distribution and logistics highly efficient.
