

## 22.16.010 - Purpose.

- A. General Purpose. The Agricultural, Open Space, Resort and Recreation, and Watershed Zones consist primarily of lands for agricultural uses or are in natural resource areas which limit dwellings and accessory uses. These zones provide areas for agricultural operations, open space, recreation, natural resource industries, or natural resource protection.
- B. Purpose of Individual Zones. The purposes of individual zones are established as follows:
1. Agricultural Zones. The Agricultural Zones (Zones A-1 and A-2) are established to permit a comprehensive range of agricultural uses in areas particularly suited for agricultural activities. Permitted uses are intended to encourage agricultural activities and other such uses required for, or desired by, the inhabitants of the community. An area so zoned may provide the land necessary to permit low-density single-family residential development, outdoor recreational uses, and public and institutional facilities.
  2. Open Space Zone. The Open Space Zone (Zone O-S) is established to provide for the preservation, maintenance, and enhancement of the recreational, natural, and environmental resources of this County as defined in the General Plan. The purpose and intent of Zone O-S is to:
    - a. Provide for the continued availability of open space lands for outdoor recreational usage.
    - b. Protect water resources by maintaining groundwater recharge and watershed areas.
    - c. Protect ecological and habitat areas to assure the continued survival of wildlife and vegetation.
    - d. Protect sites of historical, archaeological, scenic, or scientific value.
    - e. Protect areas identified as having significant mineral resources to assure their continued availability, conservation, and production.
    - f. Reduce the risk to public safety through protective management of seismic, flooding, erosion, fire, geologic, and other natural hazard areas.
    - g. Protect areas used for the managed production of resources, including but not limited to rangeland and agricultural land.
  3. Resort and Recreation Zone. The Resort and Recreation Zone (Zone R-R) is established to provide for outdoor recreation and agricultural uses suitable for development without significant impairment to the resources of the area. Zone R-R also recognizes some single-family residences, additional recreation uses, and limited commercial and public service facilities, subject to review and conditions to protect natural scenic or recreational value.
  4. Watershed Zone. The Watershed Zone (Zone W) is established to provide for conservation of water and other natural resources within a watershed area and to protect areas subject to fire, flood, erosion, or similar hazards. Zone W also provides for limited recreational development of the land and necessary public facilities.

(Ord. 2019-0004 § 1, 2019.)

## 22.16.030 - Land Use Regulations for Zones A-1, A-2, O-S, R-R, and W.

- A. General. This Section prescribes the land use regulations for Zones A-1, A-2, O-S, R-R, and W.
- B. Permit and Review Requirements. Table 22.16.030-A, below, identifies the permit or review required to establish each use listed in Subsection C, below.

Notes:						
<p>1. A copy of a valid letter from the U.S. Forest Service indicating that the use is consistent with the overall recreational plan, signed by the Forest Supervisor, shall be required prior to approval.</p> <p>2. All buildings and structures on the property used in conjunction with the permitted use shall be located at least 50 feet from any street or highway or any habitable structure.</p> <p>3. Use shall be located at least 300 feet from any public park or any area in a Residential Zone.</p> <p>4. Minimum lot size is one acre.</p> <p>5. Use shall meet all applicable health and safety standards and be reclaimed for open space use when declared safe for such use by the California Department of Health.</p> <p>6. Minimum lot size is 10 acres.</p> <p>7. Limited to hives only.</p> <p>8. Minimum lot size is five acres.</p> <p>9. Use shall be located within 600 feet of, or be in conjunction with, and intended to serve any use listed as permitted for the zone under the Recreational Uses category in Table 22.16.030-B, above.</p> <p>10. Use shall be limited to a seating capacity not to exceed 500 seats.</p> <p>11. Minimum lot size is one acre where sheltered employment or industrial-type training is conducted.</p> <p>12. Use is permitted if publicly owned.</p> <p>13. Minimum lot size is 100 acres.</p> <p>14. Use is allowed in an open space easement if use is consistent with the intent and language of the applicable open space easement.</p> <p>15. Use excludes airports and landing strips.</p> <p>16. Use may also be subject to <a href="#">Chapter 22.120 (Density Bonus)</a>, <a href="#">Chapter 22.121 (Inclusionary Housing)</a>, or <a href="#">Chapter 22.166 (Housing Permits)</a>.</p> <p>17. Use permitted on lots of one-half acre or more that are within one-half mile of a transit stop and outside of: 1) an Agriculture Resource Area, as depicted in the General Plan, in its entirety; 2) Coastal Zone, as defined in Division 2 (Definition), in its entirety; 3) Threatened and Endangered Species Critical Habitats, as determined by the United States Fish and Wildlife Service; 4) Significant Ecological Areas, as depicted in the General Plan, in its entirety; 5) Very High Fire Hazard Severity Zone, as depicted in the General Plan, in its entirety; and 6) the 70 or above decibel Community Noise Equivalent Level (dB CNEL) noise contour of an Airport Influence Area, as depicted in the General Plan, in its entirety. For the purposes of these criteria, "transit stop" includes, without limitation, all existing public rail, bus stations, and designated bus stops.</p> <p>18. Use shall include commercial-purpose facilities only and shall not include agricultural uses.</p> <p>19. Soil amendment processing, chipping and grinding, mulching, and green waste processing shall not be permitted as accessory uses to vermiculture composting.</p>						

2. Accessory Uses. Table 22.16.030-C, below, identifies the permit or review required to establish each accessory use.

Notes:						

1. Provided that there is no other practical access to such property available, and such access will not alter the character of the premises in respect to permitted uses in the subject zone.
2. Use may be subject to a Revised Exhibit "A" ([Chapter 22.184](#)) application instead, if the principal residential use is subject to a Conditional Use Permit ([Chapter 22.158](#)) application.
3. Use does not permit residential accessory structures. Any other non-habitable accessory structures shall be limited to 400 square feet in floor area.
4. Use shall be developed in compliance with [Chapter 22.112](#) (Parking).
5. Use permitted when operated in conjunction with, and intended to serve the patrons of, a use permitted in the zone, but not as a separate enterprise.
6. Rooms in a single-family residence may be rented to four or fewer residents, with or without table board, unless the residence is also used as an adult residential facility or a group home for children and either use has a capacity of more than six persons. Rooms in a single-family residence used as transitional housing may be rented to more than four residents.
7. Use permitted on lots located outside of the 70 or above decibel Community Noise Equivalent Level (dB CNEL) noise contour of an Airport Influence Area, as depicted in the General Plan, in its entirety.
8. Use permitted as an accessory use only when operated in conjunction with a commercial or institutional use permitted in the zone, and only to process waste produced on-site, but not as a separate enterprise.

3. Temporary Uses. Table 22.16.030-D, below, identifies the permit or review required to establish each temporary use.
