Conveniently located 8-plex

The Offering

This updated two story 8-plex is a must see!! Situated off one of Las Cruces' busiest streets, Missouri Ave., it offers seven nicely situated, 1-bed & 1-bath, units at approximately 483 sq/ft and 1 unit being approximately 823 sq/ft. Half of the units are located downstairs and the other half upstairs. The larger unit, #1, also has a 2-car garage that accompanies it that can be kept as a garage space for this unit or turned into individual storage rooms, a laundry room, or even another unit. This larger unit also boasts a private cedar fenced in yard in the rear, making it a perfect space for grilling, relaxing, or letting pets run around in.

Another added feature about this property is one of the units, #4, is furnished with modern furnishings providing a fully move-in ready unit for anyone seeking short term or long-term tenancy and doesn't want or need to lug their furnishings along with them.

This property is located .5 miles from Lynn Community Middle School, .9 miles from Walmart Super Center, and .6 miles from Young Park where residents can enjoy the annual Renaissance Fair, Movies and Music in the Park, as well as the opportunity to cast a rod in the pond that is kept stocked all year long. It is also a short 6-minute drive to NMSU or 7-minute drive to Downtown Las Cruces where eateries, breweries, and the local Farmer's and Crafts Market takes place every Saturday. Its location makes it extremely easy to get to anywhere one would need to get to on a daily basis in Las Cruces.

This eye-catching property has had several upgrades completed. New master cools providing ample cooling during the hot summers and new furnaces for those chilly nights during the winter months. Updated fixtures included ceiling fans, light fixtures, bathroom fixtures, and other amenities that bring that modern touch to each unit that many residents are seeking. New water heaters have also been installed. Exterior upgrades include hard scaped landscaping, a dedicated drainage pond, a 2-color paint scheme that makes it stand out amongst neighboring properties, an exterior fenced in deck for units #1 and #2, and a seal coated and striped parking lot that has plenty of parking spaces and is easy to get in and out of.

This property opens the way to continue to meet the housing demands needed in this market where there continues to be a shortage of available and affordable units. There also lies the opportunity to improve upon the property to yield higher rents. Updating each unit to central heating and cooling, furnishing more units, converting the garage to another income producing space, adding property wide internet/Wi-Fi, and even making each unit an execute rental space.

Investor's Effective Tax Rate = 19%

As a commercial real estate investor, the federal tax code gives you three advantages compared to other investments including:

1. Deduct your annual mortgage interest before you calculate your taxable amount;
2. Deduct your cost recovery/depreciation before you calculate your taxable amount, in the future when you sell the property, you only pay back 25% of the benefit you received;
3. Your long term profit, or capital gain, is taxed at 20%

The combination of these benefits could help lower an investor's effective federal tax rate from 35% federal tax rate to only 19%.

They have allowed us to look at many deals in underserved areas of New Mexico, like Las Vegas or Moriarty, that we normally wouldn't have been able to. Places that need investment but that currently have holes in the capital market for financing." - **Sam Kunzman, Cory Sutphin, Edge Capital**

Multifamily investment

My name is Todd Clarke CCIM CIPS and I am a commercial Realtor who has been selling apartment investments for over 35 years. In that time, I have listed/sold over 17,505 units totaling \$833M in over 900 transactions. I also teach investment sales analysis for the CCIM institute (27 years, over 4,000 students in a dozen countries). I share this with you so you know that the balance of this document comes from experience, and my ideals about how the apartment business runs. This also gives you insight into how we counsel and advocate for our clients.

Most of your **Buyer's questions** about rents, expenses, and property info can be answered by downloading the flyer & APOD (Annual Property Operating Data) from the document center. **Please READ THEM.** **If you are new to investment sales, I am glad to assist you, but please know:**

Showings/Tours

Residents have rights under the NM Landlord Resident Relations act, and Landlords take that law seriously.

Many Landlords consider their residents to be their **customers**. They work hard to keep them **happy**.

Any attempt by a 3rd party to visit the property without the Landlord's prior written approval jeopardizes the Landlord's and Resident's happy customer relationship.

Do not disturb the residents, do not walk the property. It is considered rude to do either, and many Sellers will refuse to work with Buyers who violate this provision.

Landlords (Sellers) rarely are willing to show a property prior to having an offer.

Where possible, we have included virtual tours in high definition – please look to the flyer for those links.

Sellers suggest Buyers make an offer subject to inspection and that the buyer work hard to consolidate their inspections and appraisal review on the same business day, to minimize the impact on the residents, who are the sellers clients.

Commercial vs. Residential Real Estate sales

Apartment investments are considered commercial real estate sales. Although the occasional apartment will sell to an owner/occupant, from the Seller's and Listing Broker's perspective, they approach the transaction in a business-like manner, where it is all about the numbers, and very little about the emotions.

Commercial brokers work regular business hours during business days, and so do most of their clients.

Please do not write an offer with an expiration date on a weekend, or a response period of anything less than 3 business days. Please do not text, or expect return phone calls after regular business hours.

Offers

Commercial transactions often start with a two page letter of intent or LOI – this allows the parties to share the skeleton of a deal. If they can reach a meeting of the minds, they will then flesh out the details in a purchase and sale agreement. If your client chooses to do a letter of intent, please make sure your letter of intent form includes the basics like price, closing date, contingencies, and who pays what closings costs.

The current (2021) activity level from investors interest in our marketplace is three times higher than it was before then pandemic, which was 10 times higher than it was in 2016, our market is saturated with out of state investors, and I often tell buyers that they have a 1 in 10 chance of becoming an owner, where as everyone of my Sellers have a 1 in 1 chance of selling.

Please let your client know that I work with my clients on a merit based negotiation system - we do not play the high/low game, and my **listing agreement pre-authorizes me to let you know when a (low) offer is likely not to be responded to by my Seller, so call first before your client suggests a low ball offer.**

If your client's strategy is to count days on market and expect a discount, please let them know we specialize in helping our clients establish the leading edge of current market pricing, and our clients are prepared to wait for the right investor who can meet their deal goals.

The follow-up questions Sellers ask after what is the price is, does the Buyer know the market? Have they been here? Do they have a team (management, lender, etc.) in place? Be prepared to answer these questions an advocate for your buyer, particularly if there are multiple competing offers.

Most of my Sellers are as focused on certainty of closing as they are the price, so don't be surprised when we ask you for proof of funds of down payment and a prequal letter from a qualified lender.

The standard in commercial transactions is that the Buyer pays for their own inspections and financing costs, and issues raised by the Buyer's lender are the Buyers to deal with. As the seller is sharing the information on the property with the buyer, the expectation is the buyer will share all information with the seller so they can troubleshoot/problem solve together.

BID Process

If this property is being marketed with the BID process, then **the ask (start) price is set low** with the intention of garnering a lot of investor interest that will lead to multiple offers, a best and final round **with a final close price that is considerably higher than the original ask price**. This process may be new to you, but we have been using it for over 16 years. By participating in the BID Process, best case, your buyer becomes an owner, worst case they receive an education on current market conditions.

If the property is being marketed using the BID process, the tour date and time is the **only time** the property is available for a viewing. This is not an inspection. Please do not bring your vendors, inspectors, ladders, etc. This is not an open house, but a guided tour that lasts 10 to 20 minutes and allows you a chance to view the interior condition.

Client Control

Your client's actions represent you in this transaction, and your actions represent them.

Please let your client know they have only one chance to make a good impression with my Sellers.

When in doubt, please ask for permission via email, **do not** take action and expect forgiveness from a Seller. Please let your clients know that their actions will be considered by the Seller when they review offers and rank them in likelihood to close.

Open invitation – on a monthly basis, we host a luncheon for brokers and property managers who have an interest in apartment investments – just email me for an invitation.

Please know that I love this business and I am glad to share my knowledge, expertise and enthusiasm with you and your Buyer. I want to help you, help them, to be a great landlord and investor.

I look forward to working on this transaction with you—Sincerely, **Todd Clarke CCIM CIPs**
