the OFFERING

Situated along the I-15 corridor in Sandy, 9950 S 300 W offers a rare blend of visibility, flexibility and scale. With direct frontage on I-15 and exposure to well over 100,000 vehicles per day, the property delivers strong branding and signage potential while maintaining easy access for employees, customers, and logistics. The location sits in the heart of the south valley, providing quick connectivity to Salt Lake City, Utah County and the broader Wasatch Front.

The ±30,000 SF office/warehouse building is fully HVAC-controlled throughout, a standout feature that allows for a wide range of users beyond traditional warehouse operations. Two separate entrances create an ideal setup for either a multi-tenant configuration or a single owner-user looking to control the entire facility. The layout supports efficient operations while maintaining a professional office presence.

Adding to the long-term upside, the property includes approximately one acre of secured yard space at the rear. This area can be utilized immediately for outdoor storage or parking, or redeveloped to accommodate an additional 15,000–20,000 SF warehouse building. Whether you're looking to occupy, invest or expand over time, 9950 S 300 W represents a highly visible, adaptable opportunity in one of Sandy's most strategic locations.
