**2. SPECIFIC STANDARDS FOR COMMERCIAL ZONES**

In addition to the general development requirements contained in Chapter 19.20 (Property Development Standards), the following standards shall apply to specific commercial zones. (See Table 06.03 on previous page.) For residential uses in commercial zones, see Table 4.03 and the standards contained in Chapter 19.04.030(2).

**A. ADULT BUSINESSES (MC 1060 10/18/99)**

1. **Legislative Purpose.** It is the intent of this ordinance to prevent community wide adverse economic impacts, increased crime, decreased property values, and the deterioration of neighborhoods which can be brought about by the concentration of Adult Businesses in close proximity to each other or proximity to other incompatible uses such as schools, parks, religious institutions, and residentially zoned districts or uses. The City Council finds that it has been demonstrated in various communities that the concentration of Adult Businesses causes an increase in the number of transients in the area, and an increase in crime, and in addition to the effects described above, can cause other businesses and residents to move elsewhere. It is, therefore, the purpose of this article to establish reasonable and uniform regulations to prevent the concentration of Adult Businesses or their close proximity to incompatible uses, while permitting the location of Adult Businesses in certain areas. It is also the purpose of this ordinance to regulate Adult Businesses in order to promote the health, safety, and general welfare of the citizens of the City. The provisions of this ordinance have neither the purpose nor effect of imposing a limitation or restriction on the content of any communicative materials, including adult materials. Similarly, it is not the intent nor effect of this ordinance to restrict or deny access by adults to adult materials protected by the First Amendment, or to deny access by the distributors and exhibitors of adult entertainment to their intended market. Neither is it the intent nor effect of this ordinance to condone or legitimize the distribution of obscene material.

2. **Definitions.** For the purpose of this section, the following definitions shall apply:

- a. **Adult Arcade.** An establishment where, for any form of consideration, one or more motion picture projectors, slide projectors or similar machines, for viewing by 5 or fewer persons each, are used to show films, motion pictures, video cassettes, slides or other photographic reproductions which are characterized by an emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas."
