

This is an aerial photograph of a road intersection. A red outline highlights a triangular-shaped lot in the upper right quadrant. The lot is adjacent to a road that runs horizontally across the top of the image. To the left of the lot, a road curves from the top left towards the center. At the intersection, a road runs vertically downwards. To the right of the intersection, there is a large building with a grey roof and a parking lot filled with cars. Further down, another large parking lot is visible, also filled with cars. The surrounding area appears to be a mix of developed and undeveloped land.

Lot 6 - 1st Phase
5.28 Acres
