**FOOTNOTES:**

1. Cattle, horses, sheep, hogs, goats, or similar livestock shall be maintained only on premises having an area of not less than 40,000 square feet plus 15,000 square feet per large animal (25 pounds or heavier at maturity) in excess of one or per 10 smaller animals in excess of the first 10. Such animals and their wastes shall be contained at least 50 feet from any abutting lot line of a residentially used lot, and at least 50 feet from any year-round surface water body.
2. At least 3/4 of the retail sales must be of produce raised on land within the Town of Bellingham in the same ownership as the stand or greenhouse.
3. See Article XVII.
4. No in B-1 Districts.
5. See Article XVIII.
6. More than half the volume sold as retail on the premises.
7. See Article XVI.
8. Except those whose chief activity is one customarily carried on as a business.
9. Except single-family dwelling for personnel required to reside on the premises for the safe operation of a permitted use.
10. Except that an existing dwelling may, on special permit from the Board of Appeals, be altered to house up to four families or for boarding or lodging, provided that the Board of Appeals shall find that the structure could not reasonably be used or altered and used for any permitted purpose.
11. Except that multifamily shall not include public housing.
12. See § 240-95.
13. But none in excess of the number legally parked on the effective date of this amendment.
14. Cattle, horses, sheep, hogs, goats, or similar livestock shall be maintained accessory to a dwelling only on a lot having an area of not less than 40,000 square feet plus 15,000 square feet per large animal (25 pounds or heavier at maturity) in excess of one or per 10 smaller animals in excess of the first 10. Such animals and their wastes shall be contained at least 50 feet from any abutting lot line of a residentially used lot, and at least 50 feet from any year-round surface water body.
15. Except "PB" if service is provided to patrons while in their automobiles, special permits to be approved only upon determination by the Planning Board that traffic projected to be generated will be accommodated without reduction in the traffic level of service on any affected off-premises lane, and without either hazard for vehicular traffic or hazard or inconvenience for pedestrians.
16. See § 240-95.
17. See Article XIII.
18. Provided that the sum of the gross floor areas of all buildings on the site equals not more than 1% of the land area on the premises. If in an A, S or R District no building for this use may be less than 200 feet from the nearest property line.
19. Special permit from the Planning Board if applicant demonstrates that bulk storage is accessory to an allowed primary use on the same premises. See General Bylaws for licensure requirements.

The information provided regarding this property is believed to be accurate and reliable; however, it is not guaranteed and should not be relied upon without independent verification. Buyers are advised to conduct their own due diligence, including inspections, surveys, and verification of all details, prior to making any purchasing decisions. The seller and agent assume no liability for errors or omissions.

**§ 240-66. Plantings.**

- A. Plant materials. Required plantings shall include both trees and shrubs, and may include ones existing on the site. To be credited towards meeting these requirements, trees must be at least 2 1/2 inches caliper four feet above grade, be of a species common in the area, and be ones which reach an ultimate height of at least 30 feet. To be credited towards meeting these requirements, shrubs must be at least 24 inches in height at the time of building occupancy, reach an ultimate height of at least 36 inches, and be of a species common in the area.
- B. Number of plants. The number of trees in the planting areas must equal not less than the planting area length in feet divided by 30, and the number of shrubs must equal not less than the planting area length in feet divided by three. Plantings preferably will be grouped, not evenly spaced, and shall be located or trimmed to avoid blocking egress visibility. The planting area shall be unpaved except for access drives and walks essentially perpendicular in the area.
