SELLER DISCLOSURE FORM PAGE 1 IS REQUIRED TO BE COMPLETED AND SIGNED BY THE SELLER(S) Seller Initials WPML SELLER DISCLOSURE STATEMENT Buyer Initials 672018 Page 1 WPML LISTING # SELLER INFORMATION 05/2022 REVISED Seller(s) Name(s): Jochar Corporation Property Address (Mailing Address and Municipality of Property) (hereinafter referred to as the "Property"): 1700 Forker Blvd, Hermitage, PA 16148 Approximate age of Property: 2 Years Seller has owned Property: **NOTICE TO PARTIES** A Seller must comply with the Seller Disclosure Law and disclose to a Buyer all known material defects about the Property being sold that are not readily observable. This document must be completed by the Seller and each page initialed by the Buyer and Seller following their review. This Disclosure Statement is designed to assist the Seller in complying with disclosure requirements and to assist the Buyer in evaluating the Property being considered. This form is to be completed by every non-exempt Seller, even if the Seller does not occupy or never occupied the property. The compliance provisions are generally described in paragraphs 19 and 21 below. The Real Estate Seller Disclosure Law requires that before an Agreement of Sale is signed, the Seller in a residential real estate transfer must make certain disclosures regarding the property to potential buyers in a form defined by the law. 68. P.S. §7301 et seq. The law defines a residential real estate transfer as a sale, exchange, installment sales contract, lease with an option to buy, grant, or other transfer of an interest in real property where NOT LESS THAN ONE AND NOT MORE THAN FOUR RESIDENTIAL DWELLING UNITS are involved. The law defines a number of exceptions where the disclosures do not have to be made, and these exceptions are as follows: Transfers that are the result of a court order. Transfers to a mortgage lender that result from a buyer's default and subsequent foreclosure sales that result from default. Transfers from a co-owner to one or more other co-owners. Transfers made to a spouse or direct descendant. Transfers between spouses that result from divorce, legal separation, or property settlement. Transfers by a corporation, partnership, or other association to its shareholders, partners, or other equity owners as part of a plan of liquidation. Transfer of a property to be demolished or converted to non-residential use. Transfer of unimproved real property. Transfers by a fiduciary during the administration of a decedent estate, guardianship, conservatorship, or trust. 10. Transfers of new construction that has never been occupied when: a. The buyer has a warranty of at least one year covering the construction; b. The building has been inspected for compliance with the applicable building code or, if none, a nationally recognized model building code; and c. A certificate of occupancy or a certificate of code compliance has been issued for the dwelling. Except where these exceptions apply, the Seller is required to satisfy the requirements of the Real Estate Seller Disclosure Law as they may be amended and is required to make disclosures in accordance with the provisions of the Law. Although there are exceptions to the requirements of the Seller Disclosure Law, certain disclosures may still be required under Common Law. In addition to these exceptions, disclosures for condominiums and cooperatives are limited to the seller's particular unit(s). Disclosures regarding common areas or facilities are not required, as those elements are already addressed in the laws that govern the resale of condominium and cooperative This Statement discloses Seller's knowledge of the condition of the Property as of the date signed by the Seller and is not a substitute for any inspections or warranties that the Buyer may wish to obtain. This Statement is not a warranty of any kind by the Seller or a warranty or representation by the West Penn Multi-List, Inc., any listing real estate broker, any selling real estate broker, or their agents. The Buyer is encouraged to address concerns about any condition of the Property that may not be included in this statement with the Seller and/or by and through an appropriate inspection. This Statement does not relieve the Seller of the obligation to disclose a material defect that may not be addressed on this form. This form is intended to assist Sellers in complying with the disclosure requirements and/or to assist Buyers in evaluating the property being considered. As such, certain information may be beyond the basic disclosure requirements found in the Law. A Seller who wishes to review the basic disclosure form can find the form on the website of the Pennsylvania State Real Estate Commission. In any event, Seller(s) must disclose all known material defects with If an item of information is unknown or not available to Seller and Seller has made an effort to ascertain it, Seller may make a disclosure based on the best information available provided it is identified as a disclosure based on an incomplete factual basis. A material defect is an issue/problem with the residential real Property or any portion of it that would have a significant adverse impact on the value of the residential real Property or that INVOLVES AN UNREASONABLE RISK TO PEOPLE ON THE LAND OR PROPERTY. The fact that a structural element, system, or subsystem is near, at, or beyond the normal useful life of such structural element, system, or subsystem is not by itself a material defect. When completing this form, check "yes," "no," "unknown (unk)," or "not applicable (N/A)" for each question. If a question does not apply to the property, "N/A" should be selected. "Unknown (unk)" should only be checked when the question does apply to the property but the Seller is uncertain of the answer. 1. SELLER'S EXPERTISE Yes No (a) Does the Seller possess expertise in contracting, engineering, architecture, environmental assessment, or other areas related to the construction and conditions of the property and its improvements? b (b) Is the Seller the landlord for the property? Let us help you make a smart decision

Including the warranty with the sale of your home is a smart decision. It gives buyers the confidence to make the purchase and added peace of mind when they move in. As a seller, you're protected too, and coverage is free during the listing period for up to 12 months. Enrolling for home warranty coverage at the time you list your home will ensure you're protected while your home is on the market,

Add the seller heat and air option for maximum coverage during the listing period.

Seller Heat and Air Option

Consider adding our seller heat and air option when enrolling for the home warranty to maximize your coverage during the listing period. Your heating and central air systems are two of the main systems in your home, and can fail when you least expect it. Avoid the expense of unexpected repairs or replacements of these major systems by adding our seller heat and air option. Should you choose not to add this coverage, please sign the waiver form below.

Waiver

Date

√ I have reviewed the seller heat and air option and decline to add this option. I agree to hold the broker and real estate professional harmless, in the event of a subsequent mechanical failure which otherwise would have been covered with the purchase of this option.

Acceptance

I have reviewed the seller heat and air option and would like to add this coverage to my plan. I agree to pay the additional fee for this at closing.
