MANTECA CALIFORNIA

Manteca is located in the Northern San Joaquin Valley, approximately 60 miles east of San Francisco and 75 miles south of Sacramento.

Manteca offers easy access to Highway 120 and Interstate 5, with proximity to the Stockton Metropolitan Airport, major rail lines, and two ports. The city is known for top-rated schools, a thriving restaurant scene, excellent parks, and a rapidly growing business community.

Manteca is one of the fastest-growing cities in California — projected to surpass Tracy as the second largest city in San Joaquin County by 2033, driven by affordable housing and a strong employment base.

There is a large amount of residential growth planned throughout Manteca, with over 11,500 units proposed or under construction — ±5,750 of those within a 2-mile radius of the site.
