Improvements Underway.

Improvements at Mercato are underway. This extensive common area renovation will enhance the walkable, experiential oasis by modernizing the public realm. Plans call for tripling the size of the destination's 3,000-square-foot Piazza to serve as its primary gathering and events space – activating the property's heartbeat – and creating a more connected, pedestrian-friendly environment throughout the center. The Piazza expansion will include additional turf, seat walls, and benches along with a new, covered per-

formance stage, elegant landscaping, and more site lighting. The banyan tree is also getting illuminated lanterns and color-changing LED lights. Directly across the street, select parking spaces will be removed to build a new lounge area. Once complete, the refreshed Piazza will play host to Mercato's 100+ annual community-driven events. When it's not activated, guests can utilize the open-air space to mingle with friends.
