

A Letter from the Sellers

Some properties simply have a story to tell, and 1274 Penfield Center Road is one of them.

For many years, this campus has been much more than a collection of buildings. It has been a place where people have gathered, celebrated life's milestones, supported one another through difficult seasons, and built friendships that have lasted a lifetime.

Set on approximately four beautiful acres, the property is surrounded by mature trees, open green space, and abundant wildlife. It's not unusual to see deer quietly wandering the grounds, making it easy to forget you're only minutes from the heart of Penfield.

Over the years, the sanctuary has welcomed hundreds for worship, concerts, conferences, and community gatherings. The fellowship hall has been filled with shared meals and celebrations, while the fully equipped commercial kitchen has faithfully served countless events. The many classrooms have echoed with children's laughter, learning, youth activities, and meaningful conversations.

One of the things we've always appreciated most is the flexibility of this campus. It has served people well in many different ways, and we believe it can continue to do so—whether as a church, community center, educational campus, nonprofit ministry, or another place where people are brought together.

As we pass this property into new hands, our hope is simple: that it will continue to be a place where people gather, serve, learn, celebrate, and care for one another.

If you have the opportunity, take a walk around the grounds. Listen to the quiet. Watch for the deer. We think you'll understand why this place has meant so much to so many.

We hope its next chapter will be every bit as meaningful as the last.
