WESTON URBAN PORTFOLIO

Reimagining life in Downtown San Antonio.

Weston Urban began in 2012 as an effort to attract and retain San Antonio's new generation of talent by reviving the city's center. With primary services in development, leasing, and lending, Weston Urban has helped to create and define the San Antonio skyline through both thoughtful historic redevelopment and strategic ground-up construction.

Weston Urban builds with a purpose – to cultivate human connection through a vibrant urban core where pedestrian-friendly business, recreation, public spaces, art and culture attract the talent of today and tomorrow.

The Continental Block Project is where rich history converges with contemporary luxury. Set to redefine mixed-use living, this ambitious redevelopment project marries the storied past of the Historic Continental Hotel and Arana Building with modern sensibilities. Anchored by a 16-story, 300-unit multifamily residential tower, flanked by meticulously renovated historical edifices, this community promises a blend of tradition and progress. The renovations of the historic Continental and Arana Buildings will be completed by the end of 2024 and the residential tower is scheduled to open in late-2025. This transformative project is poised to become a cornerstone of San Antonio's evolving landscape.
