CASPER, WY

WYO CITY: A GREAT PLACE TO LIVE, WORK AND PLAY

Casper is centrally located in the heart of Wyoming. As the second largest city in the state with a population of 60,000, Casper is a hub for locals from its county Natrona and surrounding towns for medical, shopping, entertainment, events and recreation. The city also serves as an important stop for tourists en route to Yellowstone or other destinations. Casper reflects the image of the Great American West: a community nestled in the foothills of Casper Mountain with the North Platte running through it.

Whether you are looking to relocate your business or start a new one, Casper offers opportunities for success. Named by Forbes magazine as one of the nation's "Top 25 Best Small Places for Businesses," Casper provides a central location for businesses and manufacturers as well as strategically planned business parks, freight routes, the BNSF Railway Trans-load facility, and Wyoming's only international airport. Not only does the "Equality State" lack personal income, inventory, corporate, and franchise tax; Wyoming also lacks burdensome regulations and boasts some of the nation's lowest sales and property tax rates.

Visitors and Casper's locals enjoy great access to outdoor recreation opportunities such as "Blue Ribbon" fishing, a Nordic groomed trails center and an international biathlon course. Downhill skiing, camping, hiking, biking, boating, and hunting are just a few of the many outdoor activities available. Performances, concerts and events are held regularly at the Ford Wyoming Center and downtown outdoor venue David Street Station. Housing in Casper is affordable both for rent and for purchase. School systems offer high-end education, low teacher/child ratios, and diverse school activities for children to participate in.

Casper has successfully leveraged natural and cultural assets, which in turn has contributed to the success of the area's economy by making a place where people and employers want to live, work and play.
