This 2,000 square foot turnkey dental office is located in the Demaree Square West office complex and is now available after the owner retired. The office has five private patient rooms along with a separate lab room, break room, and a large private office with a separate rest room. The waiting area offers room for ten patients along with a public restroom in the lobby.

The large greeting area has built-in storage for files. The building also offers a 700 square foot basement for additional storage. The complex offers a large convenient parking area and is ADA compliant. The location is just off Goshen Ave between Chinowth and Demaree Avenues. Highway 198 is less than a mile away.

The building was home to a Periodontology specialist that offered oral laser surgery and implants. The office is still supplied with all medical equipment and supplies for the practice and is available for purchase.
