Nevada is a business-friendly state with a very low-regulation environment, a streamlined licensing and approval processes, and a favorable tax environment for business and industry. A state with the workforce, education, and infrastructure in place to support economic development.

The Best in the West

The Tax Foundation's 2022 State Business Tax Climate Index named Nevada the 7th best in the country. The Index looks at five areas of taxation including corporate tax, individual income tax, sales tax, unemployment insurance tax, and property tax. It is designed to show how well states structure their tax systems and provides a road map for improvement.

No Tax on

-  Corporate Income Tax
-  Corporate Shares Tax
-  Franchise Tax
-  Personal Income Tax
-  Franchise Tax on Income
-  Inheritance or Gift Tax
-  Unitary Tax
-  Estate Tax

Tax Abatement on

-  Sales & Use Tax
-  Modified Business Tax
-  Personal Property Tax
-  Real Property Tax (for Recycling)
-  Aviation Parts Tax
-  Data Center Tax

61 Opportunity Zone Designations

In June 2018, 61 of Nevada's low-income census tracts received official designation as Qualified Opportunity Zones (QOZ) by the U.S. Department of Treasury and the IRS. The tax incentives reduce taxes on realized capital gains that are quickly reinvested into these designated census tracts by providing three benefits:

-  The deferral of taxes
-  A reduction in taxes by 10 to 15 percent
-  The exclusion of capital gains tax on appreciation if held for 10 years
