NToffices.com - NRH is NToffices (North Texas Office & Salon Suites) second development in the North Texas area. It will ultimately feature over 22,000 square feet and over 100 office/salon suites. The development is expected to be complete in late 2019. (Courtesy NToffices)

SOUTHLAKE, Texas, July 3rd, 2019 (GLOBE NEWSWIRE) –

North Texas office suites and salons broke ground in early May for a mixed-use development that, when complete, will add 22,000 square-feet of office space close to the Highway 114 corridor. Conveniently located on 1.9 acres at the northwest corner of Davis Boulevard and North Tarrant Parkway, NToffices is easily accessible from Keller, Colleyville, Southlake and North Richland Hills. Prices will begin at \$395/month (all inclusive) and leasing will start in late December. However, pre-leasing has already begun. In light of the announcement, 4C Marketplace, Inc. has committed to prelease multiple offices and relocate their headquarters to the new NToffices – NRH location.

“The development will ultimately feature over 100 individual office and salon suites providing small business owners with a cost-effective solution to setup shop in one of Tarrant Counties fastest growing regions” states Sandeep Sandhu, Director of Marketing. He believes that “the open layout and the common lounge/breakroom area will foster a conducive working environment and stimulate tenant interaction.”

“NToffices began about 3 years ago as a commercial real estate company and eventually transitioned to the Executive Suite/Co-working industry. Our company started in Southlake to meet the growing needs of the small business community. At NToffices, we hope to breed opportunity for small scale store fronts and offices, without the hassle of large upfront costs and long-term commitments. It is our goal to offer an affordable solution for our aspiring tenants,” says Sandhu.

The North Richland Hills location is the second development by NToffices since the local family-owned company setup its first development in Southlake, roughly two years ago. The company hopes to attract a diversified clientele in Tarrant County, as many of its tenants at the Southlake location include a mix of lawyers, start-up tech companies, brokers, architects and real estate businesses. With its focus on accommodating local entrepreneurs, salons, and the artistic designs of their developments, the company strives to create a sense of comfort and synergy among its clients.

“Customer service is always our priority. We give each tenant the individualized attention that they deserve. Here at NToffices, we are a family and it really shows,” Sandhu concludes.
