Located at **4219 S Broadway** in Englewood, Colorado, this 2,995 square foot, two-story office building presents a compelling opportunity for owner-users and investors alike. Situated on 0.14 acres along South Broadway, the property offers prominent signage visibility on one of the metro area's most trafficked corridors. Originally built in 1977 and thoughtfully remodeled in 2015, the building has seen continued capital investment, including new LED lighting throughout, new flooring, and a new HVAC system installed in 2022 — ensuring low near-term capital expenditure for the next owner. The building also has an attached, fenced storage shed on the north side of the building. With ten dedicated parking spaces, the property offers a meaningful draw for tenants or users requiring reliable, accessible parking in an urban infill location.

The property's MU-B-2 zoning unlocks a broad range of permitted uses, including education, office, retail, medical service, and entertainment, providing significant flexibility for repositioning. Owner financing is available, further lowering the barrier to acquisition and making this an attractive opportunity for buyers seeking a well-located, move-in ready asset.

4201 S Broadway is also available for purchase — this adjacent parcel directly to the north provides the opportunity to control the entire corner and assemble 0.43 acres of land.
