THE PROPERTY

A LANDMARK RETAIL DESTINATION ON THE GALT OCEAN MILE

PROPERTY OVERVIEW

Galt Ocean Marketplace positions your business at the center of the **Galt Ocean Mile** — one of South Florida's most affluent and supply-constrained beachfront communities. Fronting North Ocean Boulevard (A1A), the center serves a dense, year-round base of full-time residents, luxury condominium owners and seasonal visitors, all within walking distance of the Atlantic Ocean.

Spanning approximately **±106,000 square feet across seven buildings**, the property offers exceptional A1A frontage, strong visibility, multiple points of ingress and egress, and abundant on-site parking — anchored by an established mix of retailers, restaurants, medical providers and neighborhood services. Combinable suites range from **1,300 to ±5,440 SF**, ideal for retail, restaurant, medical, wellness, fitness, office and service users.

Surrounded by dozens of luxury high-rise towers and some of Fort Lauderdale's highest household incomes, the center enjoys a consistent customer base that extends well beyond seasonal tourism — with immediate access to Fort Lauderdale Beach, Oakland Park Boulevard and Commercial Boulevard.

— PROPERTY HIGHLIGHTS —

- ✓ Premier retail frontage on Fort Lauderdale's iconic A1A corridor
- ✓ Walking distance to Fort Lauderdale Beach & the Atlantic Ocean
- ✓ Excellent visibility — 25,500 vehicles per day on N Ocean Blvd
- ✓ Abundant on-site parking with multiple points of access
- ✓ Flexible for retail, restaurant, medical, wellness, fitness & office
- ✓ Surrounded by luxury high-rise condos & affluent demographics

THE MARKET

A SUPPLY-CONSTRAINED, HIGH-INCOME COASTAL TRADE AREA

WHY GALT OCEAN MILE

Roughly one mile of oceanfront between Oakland Park Boulevard and Lauderdale-by-the-Sea, the Galt Ocean Mile packs **21 beachfront high-rise towers** — plus dozens more along the Intracoastal — into a walkable, land-locked corridor. The result is a captive, built-in customer base of affluent retirees, professionals and seasonal residents with limited new retail supply and high barriers to entry.

Lauderdale (2025)

85%

Peak-season hotel occupancy
(Broward, 2026)

\$240

Average daily hotel rate

4M+

Cruise passengers via Port Everglades

Peak "season" runs November through April, when snowbird residents and visitors swell the beachfront population and drive sustained demand for dining, services and retail. Tourism spending continues to push the Broward County economy to record levels, extending the marketplace's customer base well beyond its full-time residents.

TRAFFIC & ACCESSIBILITY
